## **Pupil Absence**

Within Glasgow Primary School good attendance is encouraged at all times and children rewarded accordingly. Parents are asked to advise if their son or daughter is going to be absent. This should be done as early as possible on the first day of absence. If the young person is going to be absent for some time, it would be helpful to know at the earliest opportunity. The school uses daily text messaging to inform parents and carers of absence if no contact is made. All unexplained absence is investigated by the school and appropriate action taken. All calls must be made to the Pupil Absence Reporting Line on 0141 287 0039. The line is open between 08.00-15.30 Monday to Friday. Alternatively you can use the online form on the Glasgow City Council website:

<https://www.glasgow.gov.uk/index.aspx?articleid=18832>

## **Medical & Healthcare**

The school nurse visits at various times during the year for routine health checks, vaccinations and medical examinations. Parents are kept informed by letter.

If a child becomes ill during the course of the school day, he/she may require to be sent home. Please ensure that you keep the school informed of all contact details.

Parents should inform the school of any medical requirements relating to their child. If a child requires medication during the school day, parents must complete the appropriate medical form. This is available on request from the school office.

## **Emergencies**

We make every effort to maintain a full educational service, but on some occasions circumstances arise which lead to disruption. Schools may be affected by, for example, severe weather, temporary interruption of transport, power failures or difficulties of fuel supply.

In such cases, we shall do all we can to let you know about the details of our closure or re-opening by using letters, texts and the local media etc.

## **School Uniform**

The school uniform is:

- Yellow polo shirt
- Navy blue sweatshirt
- Navy/black trousers
- Navy/black skirts

Sweatshirts, cardigans, polo shirts and gym tshirts with the school logo are available for purchase at the school office.

Our uniform was agreed in consultation with pupils and parents. It is expected that all children attending Glasgow Primary School will adhere to this dress code.

## **PE Kit**

It is important that pupils come prepared to learn and for PE this requires appropriate clothing. All jewellery should be removed. Pupils who are not participating in PE must have a note or a medical certificate. Pupils who are unable to participate in practical PE should still bring their kit to allow them to assist in the lesson by refereeing, keeping scores or assisting with the distribution of equipment. This ensures that they are still able to take part in some way in the work of the class and do not miss out on the knowledge and understanding of the course.

There are forms of dress that are unacceptable in school, such as items of clothing which:

- Potentially encourage factions (such as football colours)
- Could cause offence (such as anti-religious symbolism or political slogans)
- Could cause health and safety difficulties (such as loose fitting clothing, jewellery)
- Could cause damage to flooring
- Carry advertising particularly for alcohol or tobacco
- Could be used to inflict damage on other pupils

## **Data Protection – use of information about children and parents/carers**

We collect information about children attending school (and also about parents/carers, emergency contacts etc. provided in the annual data check) to allow us to carry out the Council's functions as the education authority for the City of Glasgow. This may sometimes involve releasing personal information to other agencies and other parts of the Council, particularly in relation to child protection issues or criminal investigations, and it may also be used for research purposes (see the link below for more details regarding this).

Information held by the school is, in legal terms, processed by Glasgow City Council. ## **Curriculum**

### **Curriculum for Excellence 3-18**

Curriculum for Excellence has been introduced to raise standards of learning and teaching for all 3 to 18 year olds. It aims to help prepare children and young people with the knowledge and skills they need in a fast changing world. As part of Curriculum for Excellence all children from pre-school to the end of S3 will receive a rounded education known as a Broad General Education(BGE). Curriculum for Excellence is all about bringing real life into the classroom and taking lessons beyond it.

Through the experiences we provide at Scotstoun Primary School we want our children to become Successful Learners, Confident Individuals, Responsible Citizens and Effective Contributors. We are committed to providing children with a broad general education and focus on eight curriculum areas.

Expressive Arts	Health & Wellbeing	Languages	Mathematics
Religious & Moral	Sciences	Social Studies	Technologies

Progress in learning is indicated through curriculum levels as detailed below.

Level	Stage
Early	The pre-school years and P1 or later
First	To the end of P4, but earlier or later for some
Second	To the end of P7, but earlier or later for some
Third & Fourth	S1-S3, but earlier for some

**Expressive arts:** The inspiration and power of the arts play a vital role in enabling our children and young people to enhance their creative talent and develop their artistic skills.

**Health and wellbeing:** Learning in health and wellbeing ensures that children and young people develop the knowledge, understanding and skills which they need now and in the future to help them with their physical, emotional and social wellbeing.

**Science:** Science and its practical application in healthcare and industry is central to our economic future, for our health and wellbeing as individuals and as a society.

**Social Studies:** Through social studies, children and young people develop their understanding of the world by learning about other people and places both past and present, societies, their beliefs and values.

**Religious and moral education:** Religious and moral education includes learning about Christianity, Islam and other world religions, and supports the development of beliefs and values.

**Languages:** Knowing other languages and understanding other cultures is a 21st century skill set for students as they prepare to live and work in a global society.

**Mathematics:** Mathematics equips us with the skills we need to interpret and analyse information, simplify and solve problems, assess risk and make informed decisions.

**Technologies:** The range of subjects in technical education has changed significantly over the last two decades and now includes craft, design, engineering and graphics.

There will be opportunities throughout the year for parents and carers to learn more about aspects of the curriculum and to be consulted about significant changes if appropriate.

## **Religious Observance**

Our school is fortunate to have a close link with the local church. The minister assists with the Christianity element of Religious and Moral Education and provides opportunities for religious observance. Parents have the right to withdraw their child from religious observance and should inform the school in writing.

In addition, parents and carers from religions other than Christianity may request that their children may be permitted to be absent from school in order to celebrate recognised religious events. Only written requests detailing the proposed arrangements will be considered. Appropriate requests will be granted on up to 3 occasions in any 1 school session.

## **Assessment & Reporting**

All children are assessed both formally and informally throughout the year. This allows children and their teachers to identify their strengths and areas for improvement. A variety of assessment methods are used to enable staff to pass on information to parents about the progress of their child. Assessment records are kept by the class teacher and form the basis of discussion at Parents' Evenings in October and February. An annual report is sent to parents towards the end of each school year.

If you have any concerns about your child's progress do not hesitate to contact the school.

## **Pupil Profiles**

Every child leaving primary school in Scotland has their key achievements in school, at home and in the community documented within a P7 profile. The content of the profile is decided by the young person. The profile is a positive record of their achievements and emphasis their strengths. The profile provides a valuable way for learners to share valuable information about their achievements with their parents and teachers in secondary school.

## **Support for Pupils**

The school has a duty to ensure that all pupils have equal access to the curriculum, with appropriate support for their needs if required. This applies to the content of lessons, teaching strategies and minor adaptations to the school environment. There are a wide range of factors which may act as a barrier to learning. We are committed to working closely with parents and carers to ensure that they are fully involved in any decisions about support for their children's needs.

Any parent or carer seeking further advice regarding this policy should contact the Headteacher in the first instance.

Further information relating to additional support needs is available on the Glasgow City Council website at <https://www.glasgow.gov.uk/index.aspx?articleid=18941>

Information on the Glasgow City Councils' Parental Involvement Strategy can also be found at <https://www.glasgow.gov.uk/index.aspx?articleid=17870>

## **The Named Person**

GIRFEC stands for 'Getting It Right For Every Child'. This is the Scottish Government-led approach to making sure that all our children and young people – and their parents or carers – can get help and support when needed from birth through to age 18 (or beyond if still in school).

The vast majority of Scotland's children and young people get the love and support they need from within their families and their wider, local communities. But even the most loving and caring families can sometimes need extra support. The GIRFEC approach aims to make it as easy as possible for any child or young person (and their parents) to get that help or support when they need it.

To access support when needed, part 4 of the Children and Young People Act (Scotland) 2014, states that every child in Scotland has a Named Person, as a single point of contact. This Named Person has a responsibility to provide help and support when asked and can draw together other services if needed, co-ordinating help for the child or parents.

The Named Person will be a promoted teacher within the school. The name of the individual Named Person for your child(ren) will be provided.

Please do not hesitate to contact the school if you want to speak with your child's Named Person.

## **School Improvement**

On an annual basis, you will receive a copy of our Standards and Quality report. Copies from previous years are available on the school website. The Standards and Quality report highlights progress in key curricular areas such as literacy, numeracy and health & wellbeing. Our priorities for improvement are detailed in our School Improvement Plan which is discussed with our Parent Council. Any parent or carer seeking a copy of the plan can contact the school office or check out our website.

## **Promoting Positive Behaviour**

Children's Rights as outlined in the UNCRC (United Nations Convention on the Rights of the Child) are fundamental to a good school ethos. Adults in our school will work with children to ensure they are aware of their rights and fully respect the rights of others. Therefore, the approach within Scotstoun Primary School is to build a positive ethos that demonstrates care and respect for all. Positive behaviour is recognised and celebrated. Our school operates a system of Golden Rules to set out expected behaviour. This is celebrated through Golden Time treats, awards at

assemblies and certificates sent home to parents etc. We also have a House system to promote teamwork and positive behaviour.

The highest standards of behaviour are expected of pupils at all times. Where this is not the case, a variety of sanctions are used. Parents are asked to co-operate with the school in encouraging a sense of responsibility and good behaviour in their children.

## **Home Learning**

Continuing to learn at home helps children to achieve more and is a vital part of our partnership with parents. Please check your child's schoolbag for communication about home learning and specific tasks. Home learning policy being developed in session 2018/19 as part of the school improvement plan – the interim reading and shared home learning grids are in place.

## **Parent Council**

We have an active Parent Council that represents the views of all parents. All parents are welcome to attend Parent Council meetings and can become members at the AGM in November. Parent Council minutes are available on the Parent Council page. We also have an active PTA who assist the school fundraising and family events.

## **Pupil Voice**

Our Pupil Council, Health Committee, Digital Leaders, Junior Road Safety Officers and House Captains/Vice are all elected to represent the pupils and take on leadership roles.

## **Extra Curricular Activities**

We have a wide range of activities that run between Monday – Friday to extend the learning experience. These currently include arts and crafts, dance, netball, gymnastics, choir, ICT, athletics, rugby and football. Please check your child's schoolbag for information as places are popular and usually limited.

Good links with community organisations and our Active Schools Co-ordinator are vital for the success of these programmes.

## **Useful Contacts**
