GLASGOW CITY COUNCIL: LAND & ENVIRONMENTAL SERVICES CHARGES 2018/19

NOTES FOR GUIDANCE

1 VAT

This document has been revised for the 20% VAT rate applicable from 1 January 2011.

All charges listed, for which VAT is applicable, include VAT at 20%.

Charges levied to other Glasgow City Council Services will not include VAT.

Most charges levied against other local authorities will include VAT, however some charges are exempt i.e. those relating to the recovery of employee costs.

2 PRE PAYMENT

Pre payment of certain fees and charges is required. This relates to charges for the following items/services:

- Hire of Glasshouses & Winter Gardens
- Catering Concessions at Land and Environmental Services Parks and Events;
- Funfairs;
- Allotment Rentals;
- Memorial Foundations;
- Permits to Work;
- Use of GCC precincts / areas for promotions.

It should be noted that the above list is neither exhaustive nor inclusive.

3 COMMERCIAL LETS

The hire of any facilities to private companies or commercial organisations may be subject to higher charges or negotiated rates at the discretion of management.

4 HIRES OUTWITH STANDARD OPENING HOURS

The hire of facilities outwith standard opening hours or standard staff working hours may be subject to additional charges to cover the extra costs involved.

5 PLANT & FLORAL ARRANGEMENTS

All plants and containers are on hire only and must be returned complete at the end of the hire. While on hire, plants may require watering, consequently access to plant containers by Land and Environmental Services staff will be necessary. Prices quoted are for the supply and collection of material within Land Services normal working hours (i.e. 8.00am - 4.30pm: Monday - Thursday and 8.00am - 3.30pm Friday).

6 INTERIOR PLANT DISPLAYS

Plant containers are fitted with a water reservoir and a gauge indicating the water level. Plant containers are available in numerous styles to meet customer requirements.

8 EXTERNAL RATES

External rates are applicable to other Council Services, other organisations or individuals.

9 ALLOTMENT RENTAL CHARGES

Allotment Rental Charges (inclusive of both standard and concession rate charges) are per calendar year, i.e. January to December.

Eligibility for the 'Concession Rate' Allotment Rental Charge will be determined by the 'standard' Glasgow City Council eligibility criteria for concessions (Passport rate).

10 USE OF LAND SERVICES VENUES AND FACILITIES FOR FILMING

It will be necessary to take cognisance of the requirements of the 'Film Charter of the City of Glasgow' when determining the rates and the costs to be charged to filmmakers using Land and Environmental Services venues and facilities. The 'Film Charter of the City of Glasgow' is published by the Glasgow Film Office, which is based within the Council's Development and Regeneration Services.

11 EVENT EQUIPMENT HIRE

The hirer of any equipment will be held responsible for any loss or damage to equipment.

12 ROADS AND TRAFFIC CHARGES

In the event that clarification is needed about a particular aspect of Roads and Traffic charges, this may be sought by contacting Land and Environmental Services Permits Reception on telephone number 0141 287 5918.

Notes

(i) These figures already include an allowance for inflation over a three-year period (the minimum duration of a construction consent).

(ii) The costs are based on Land and Environmental Services doing all the work. To compensate for undertaking completion of work initiated by other parties, the following procedure should be adopted:-

- (a) Add 25% where the estimated cost is less than £10,000;
- (b) Add 15% where the estimated cost is between £10,000 and £25,000;
- (c) Add 10% where the estimated cost is between £25,000 and £50,000.

(iii) Where the bond has to cover items such as major structures, or substantial amounts of excavation or fill, full details should be sent to LES who will undertake estimation.

Glasgow City Council Land and Environmental Services will (if necessary) apply a charge for what is considered to be the works involved, over and above the charge that it is our statutory obligation to incur, in the processing of this Roads (Scotland) Act 1984, Section 21, Construction Consent application. Chapter 2.6 of the Council's Roads Development Guide outlines the requirements for an acceptable submission for a Construction Consent application, and those complying with this will not incur a charge. As notified within the above named publication, charges will also be made for site inspections, materials testing and any temporary regulation order following commencement of work on site. All of the above will be based on staff hourly rates with the actual cost incurred being the sum charged.
