

## Waste and Recycling Container Dimensions

Each waste type requires to be collected in a separate container.

We provide the following wheeled bins and sacks for waste collection purposes.

Our Officer will discuss your waste requirements with you and the space the bin(s) will take up in or near your premises when assessing what bins you require.

Container Type	Description	Height (mm)	Width (mm)	Depth (mm)	No of sacks equivalent
Trade Sack	Holds approx. 6kg <b>No Glass allowed</b>	455	735	990	Holds approx. 6kg
