

GLASGOW CITY CENTRE ZONE MAP

Glasgow like all authorities is required to make you aware of arrangements in place to deal with an emergency evacuation. This short guidance is designed to tell you what to expect if there is a requirement to evacuate sector of or the full City Centre.

The City Centre has been divided into 22 zones to assist in an orderly evacuation. You can find out which zone you are in using this map.

If an evacuation is required you will be notified through a variety of methods including TV, Radio and in person by Police Scotland or a Council official. More information about emergencies can be found at www.glasgow.gov.uk.

O

Unless told otherwise, for **any** emergency you should:-

GO IN

- Wait inside until all clear is sounded or you are given other advice.
- Do not use your phone; keep lines free for emergency use only.

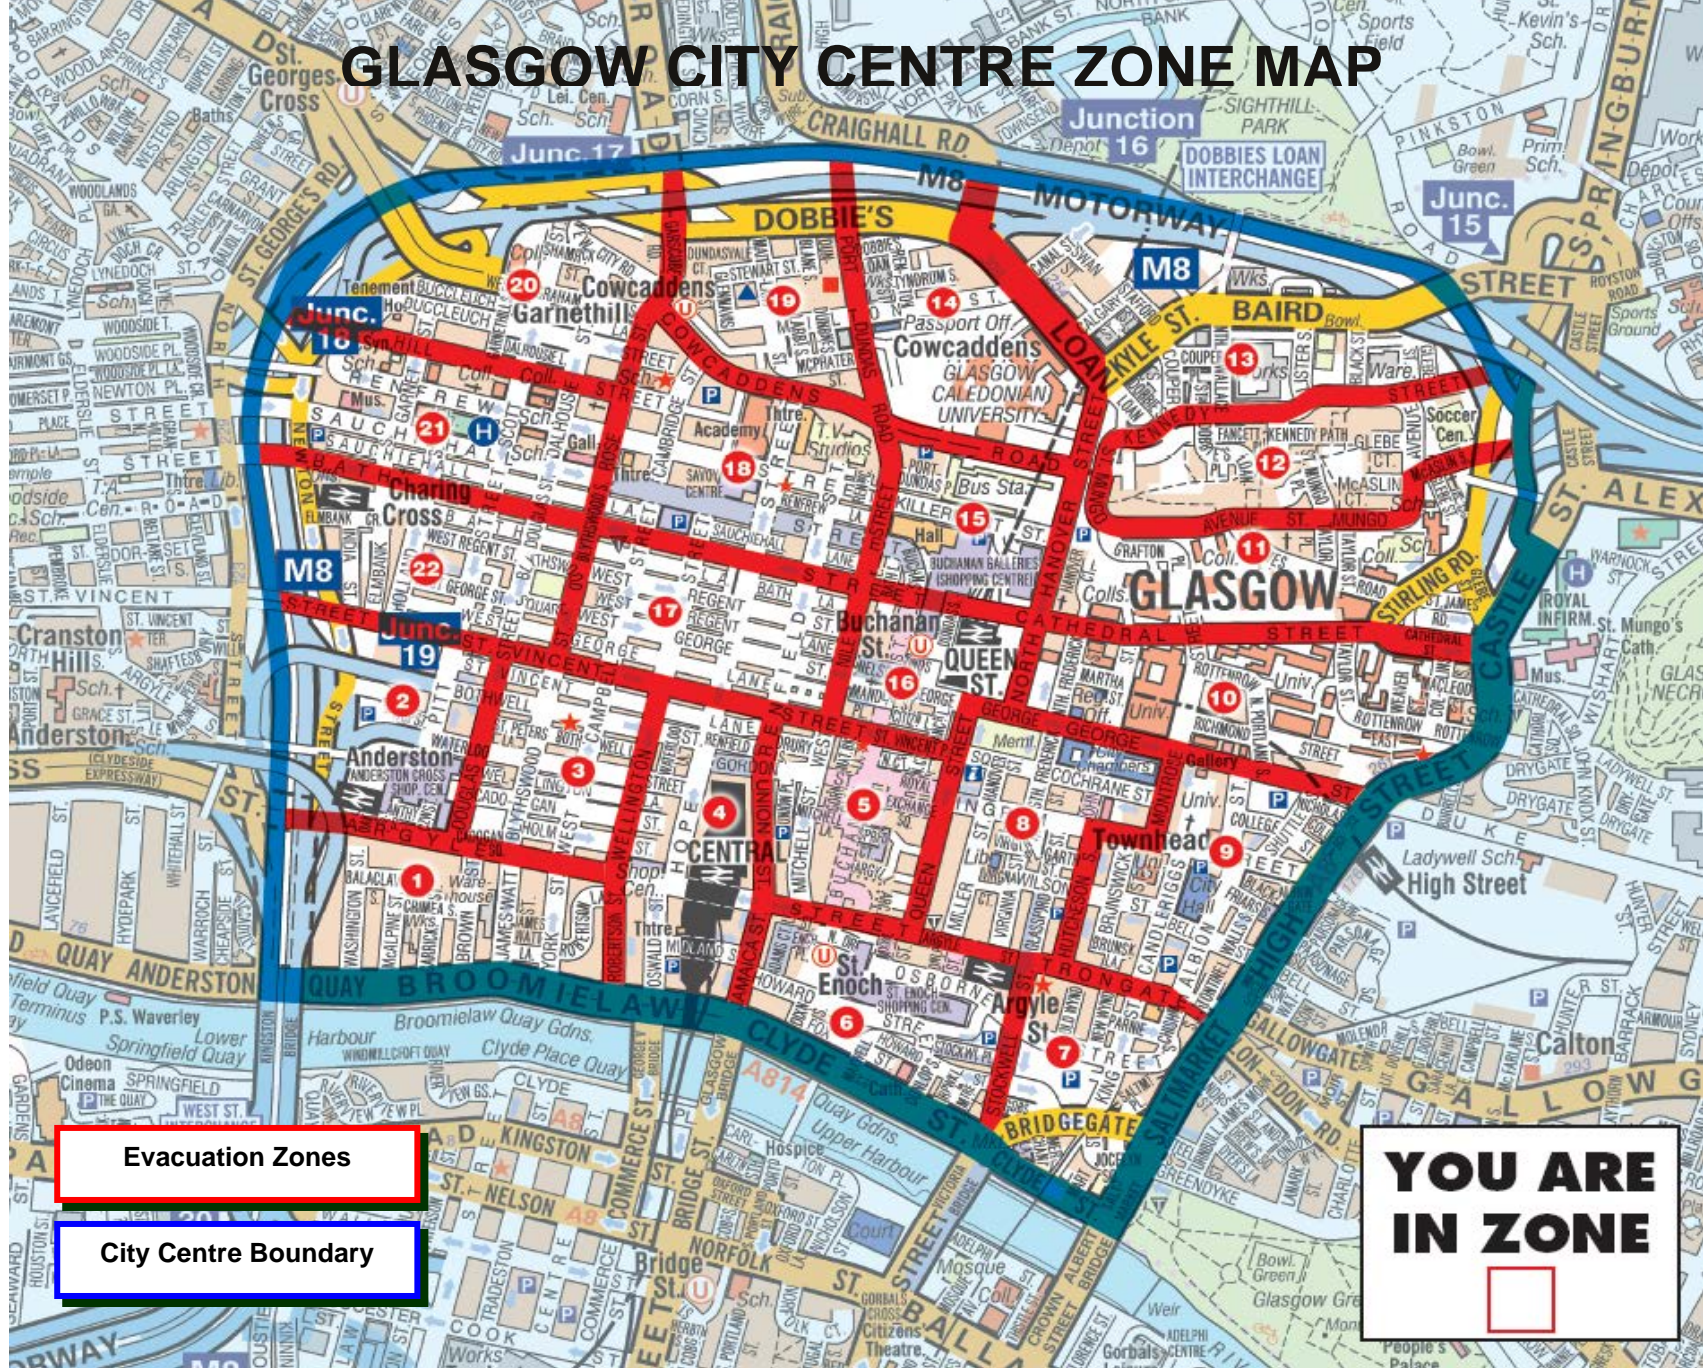

STAY IN

- Close and stand away from windows and doors.
- Stay calm and wait for further advice.
- Children attending school will be cared for on site

TUNE IN

- Listen to local media for further information/instructions.
- If advised to evacuate, follow the route as instructed, as certain paths may be blocked or dangerous.
