### 1. RESOURCES AND ORGANISATION

### SERVICE STRUTURE AND RESOURCES

### **Our Vision:**

Development and Regeneration Services will drive, direct and deliver economic growth, closing the inequality gap and tackling poverty.

#### **Our Outcomes**

Our outcomes are those contained in the <u>City Development Plan</u> which reflects the spatial interpretation of the Council's <u>Strategic Plan</u> and <u>Glasgow Community Plan</u>.

We wish to achieve a high quality and healthy sustainable place by delivering:

- A vibrant place with a growing economy by providing the right environment for businesses to develop;
- A thriving and sustainable place to live and work by providing opportunities to build new housing, and creating vibrant places and town centres to provide a good quality of life in the long term for the city's growing population;
- A connected place to move around and do business by improving accessibility for all citizens to employment, shopping and leisure destinations, and providing more sustainable travel options; and
- A green place by helping to care for Glasgow's historic and green environments, increasing the city's resilience to climate change, and reducing energy use.

### Our responsibilities

We provide the **economic development** role for the council in discharging responsibilities to the Scottish Government that are contained within the <u>National Performance Framework</u>. DRS has a statutory duty for the following elements in the service and these responsibilities shape the way in which DRS priorities are carried out.

- We are the statutory planning authority. <u>The Planning etc (Scotland) Act 2006</u> passed by the Scottish Parliament sets out the legislative framework for a modernised planning system. Planning authorities have other statutory powers and responsibilities such as Tree Preservation Orders and designation of Conservation Areas.
- We are the strategic housing authority in Glasgow. Housing Strategy and related activity
  is statutory under the <u>Housing (Scotland) Act 2001</u>. Various other Acts (particularly since
  the inception of the Scottish Parliament) have invested various duties and powers on local
  authorities with respect to housing.
- We were appointed to the <u>Verifier role for Building Standards</u> on 1 May 2011 for a 6 year period and were reappointed on 1<sup>st</sup> May 2017.
- We are the lead local authority for the **Clyde and Loch Lomond Local Plan District** and discharge this role under the <u>Flood Risk Management</u> (Scotland) Act 2009.
- We discharge the council's responsibilities in terms of the <u>Environmental Protection Act</u> 1990 (Part IIA) relating to the inspection and remediation of **Contaminated Land.**
- We discharge the council's responsibilities in terms of the <u>Civic Government (Scotland) Act</u>
   1982 relating to the inspection and enforcement of **stair lighting**.
- As the roads authority under <u>Roads (Scotland) Act 1984</u> we carry out functions relating to the transport assessment of planning applications and the issuing of **Roads Construction** Consents.
- We deliver duties under the <u>Land Reform (Scotland) Act 2003</u> and <u>Countryside (Scotland)</u>
   <u>Act 1967</u>, to <u>uphold access rights</u>; to draw up and review a <u>core paths plan</u>; to establish a <u>local access forum</u>; and to publicise the <u>Scottish Outdoor Access Code</u>.
- Other legislation governs the way in which the services in the council carry out their work
  e.g. <u>Local Government (Scotland) Act</u>, <u>Equalities Act 2010</u>, <u>Construction and (Design and Management) Regulations 2015</u> and <u>Communities Empowerment (Scotland) Act</u>.

### **Service Structure and Areas of Activity**

DRS has seven core areas of activity which reflect the structure of the Service. These are Economic Development, Housing and Regeneration, Planning and Building Control, Project Management and Design, Service Development, City Deal and Property and Land Services.

# ECONOMIC DEVELOPMENT

- \* Invest Glasgow
- Youth Employment
- \* Glasgow Film Office
- Economic and Social Initiatives
- \* Adult Employment
- \* Digital Glasgow
- Funding and Monitoring
- \* Business Support and Business Gateway
- \* The Lighthouse
- \* Tontine

STAFF: 76.19 FTE @ 31/3/18

### CITY DEAL

- \* Glasgow City Region
- InfrastructureInvestment
- \* Labour Market
- Innovation
- Glasgow Programme Co-ordination

STAFF: 3.5 FTE @ 31/3/18

# HOUSING AND REGENERATION

- Housing Strategy
- \* City Centre Strategy
- \* Regeneration
- Private Sector
- \* Investment
- \* Ownership Information
- \* Intervention <u>Private</u>
  <u>Landlords</u> and <u>Houses</u>
  in Multiple Occupation

STAFF: 66.70 FTE @ 31/3/18

### PLANNING AND BUILDING STANDARDS

- \* <u>Development</u> <u>Plans</u>
- \* Planning Neighbourhoods and City Design
- Building Standards
- DevelopmentManagement
- \* Licensing
- \* Enforcement

STAFF: 130.19 FTE @ 31/3/18

### **DRS**

### **EXECUTIVE DIRECTOR**

### **ASSISTANT DIRECTOR X 2**

STAFF: 3 FTE @ 31/3/18

# PROJECT MANAGEMENT AND DESIGN

- Architecture and Urban Design
- Education, Leisure and Care Facilities
- Surveying and Project Management Group
- \* Engineering Group

STAFF: 48.30 FTE @ 31/3/18

### PROPERTY AND LAND SERVICES

 Management of property and land assets and facilities management services for the Council family

STAFF: 120.63 FTE @ 31/3/18

### SERVICE DEVELOPMENT

- General support and advice across DRS and corporate initiatives
- Staff Development, Engagement and Communications
- \* Service Development
- Data analytics and visualisation (design with data)

STAFF: 18.70 FTE @ 31/3/18

### **OUR CONTRIBUTION TO GLASGOW'S STRATEGIC PLAN**

### **Strategic Plan Commitments**

The Council's <u>Strategic Plan 2017 to 2022</u> was approved on 2<sup>nd</sup> November 2017. It sets out the Council's priority themes and commitments that will be delivered over the next 5 years by the Council Family. The vision of the Council is to have –

# 'A world class city with a thriving, inclusive economy where everyone can flourish and benefit from the city's success'

The Strategic Plan will be delivered on a thematic basis across seven cross cutting themes. These are:

- ➤ A Thriving Economy
- ➤ A Vibrant City
- > A Healthier City
- > Excellent and Inclusive Education
- > A Sustainable and Low Carbon City
- Resilient and Empowered Neighbourhoods
- A Well Governed City the Listens and Responds

DRS is theme lead for **A Thriving Economy** which focuses on inclusive growth. The outcomes for A Thriving Economy are:

- A resilient, growing and diverse city economy where businesses thrive
- The city and its citizens benefit from inclusive economic growth and are involved in economic decision making through participatory budgeting
- More Glaswegians are in work or training
- Glasgow is rated highly for its business innovation and digital skills

A number of priorities have been identified to progress A Thriving Economy. These include the delivery of the Glasgow Economic Strategy, Regional Economic Strategy and City Deal, support to small businesses, use of community benefit clauses to secure jobs, promotion of the Glasgow Living Wage, appointment of a Digital Champion and participation in the Scottish Government's national plan for broadband roll out.

DRS also makes a significant contributes to the delivery of *Resilient and Empowered Neighbourhoods*. The outcomes for Resilient and Empowered Neighbourhoods are:

- Citizens and neighbourhoods can influence how services are developed and budgets spent
- Citizens can access good facilities, jobs and services locally
- Citizens satisfaction with services is maintained and improved
- > Glasgow's housing meets the needs of its growing and diverse population

These outcomes are progressed by implementing the City Development Plan, delivery of the Glasgow Housing Strategy, support for social landlords and the private sector to provide 15,000 new homes and promotion of trusts and social and community enterprises to support community ownership.

Other priorities are also supported by DRS. For example within the **Vibrant City** priority, DRS is responsible for the continued transformation of the River Clyde and Waterfront. We also contribute to **A Sustainable and Low Carbon City** through implementation of the affordable warmth scheme and flood management activities.

#### **Partners**

The place based approach adopted by DRS to drive, direct and deliver the Strategic Plan's priorities requires Divisions to work together to ensure a joined up approach is adopted and best value is achieved. Many areas of work are also cross service and require our staff to work in partnership across the service and with external partners and stakeholders. We actively participate in a range of partnerships including statutory, policy / strategy based, physical development and service delivery partnerships. Some examples include:

- Glasgow City Region City Deal
- Metropolitan Glasgow Strategic Drainage Partnership
- Glasgow Economic Leadership
- Transforming Communities Glasgow
- Clydeplan
- Core Cities
- Glasgow Canal Regeneration Partnership
- Clyde Gateway
- Glasgow and Clyde Valley Green Network Partnership
- West of Scotland Archaeology Service
- City Centre Strategy Board
- Scottish Cities Alliance
- West of Scotland European Forum
- Glasgow Building Preservation Trust
- Glasgow City Heritage Trust
- Glasgow Canal Partnership
- Scottish Local Authorities Economic Development Group
- Glasgow Partnership for Economic Growth

### Staffing levels by Gender, Disability and Ethnic Group

68.25%

As of 31/3/18, DRS had 467.2 Full Time Equivalent (FTE) staff. This is an increase of 118.5 FTE from 348.7 FTE on 31/3/17.

The transfer of 120.63 FTE staff from across the Council Family into Property and Land Services has significantly increased the number of staff located within DRS. This is part of the Council Family Review which identified scope for a more joined up and collaborative operating model. A range of staff including estate management, asset management, attendants, caretakers and support staff have transferred from Access and Education Services to DRS.

Further staff transfer to DRS as a result of the Council Family Review are planned for 18/19. This includes facilities management services (including catering) from Cordia.

### 2. STRATEGIC PLAN COMMITMENTS

### STRATEGIC PLAN

The table below outlines how we plan to progress the Strategic Plan priorities during 2018/19.

| A THRIVING   | A THRIVING ECONOMY  |  |  |  |  |
|--|---|--|--|--|--|
| PRIORITY   | TARGET 2018/19  |  |  |  |  |
| Deliver the Glasgow Economic Strategy     2016-2023 and ensure it is supported by expert external advice from the Glasgow Partnership for Economic Growth.   | <ul> <li>Refine the model and membership of<br/>Glasgow Partnership for Economic Growth<br/>and the strategic and operational link with<br/>Glasgow Economic Leadership.</li> <li>Develop the hub approach focusing on Skills<br/>and Employment, Inward Investment and<br/>Business Growth</li> <li>Undertake an annual review of progressing<br/>early actions identified in the Glasgow<br/>Economic Strategy</li> </ul>   |  |  |  |  |
| 2. Deliver the Glasgow City Region City Deal, supported by the Glasgow City Regional Economic Strategy 2017- 2035 and its Action Plan.   | <ul> <li>Support delivery of Glasgow City Region City         Deal Annual Implementation Plan 2018 to 2019.     </li> <li>Continue to implement the Regional Economic Strategy.</li> <li>Develop key milestones as part of the emerging Glasgow City Region Economic Strategy Performance Framework.</li> </ul>   |  |  |  |  |
| 3. Ensure the outcomes of these strategies and the City Deal benefit the city and the people of Glasgow.   | <ul> <li>Develop a performance framework for Glasgow Economic Strategy incorporating inclusive growth.</li> <li>Establish an Employment and Skills Partnership Board to guide and inform the direction of employability services.</li> <li>Continue to provide business support through Business Gateway and work with partners to consider the development of the City Region wide business support offer.</li> <li>Continue to work in partnership with neighbouring local authorities to develop future proposals which will regenerate the city region.</li> <li>Deliver the Glasgow City Deal by regenerating key areas of the city and reviewing other areas for possible development and carrying out initiatives to improve local connectivity.</li> <li>Consider changes to rents guidance to support business growth in priority SIMD areas via Community and Business Boost fund.</li> </ul> |  |  |  |  |
| 4. Maximise what the Council can do through its community benefits clauses to secure jobs and training opportunities for Glaswegians and small businesses and look at ways that these clauses can be strengthened. | <ul> <li>Consider the outcome of the second consultation on the draft Corporate         Procurement Strategy 2018 – 2022 which concluded in April 2018.     </li> <li>Finalise the Corporate Procurement Strategy</li> </ul>  |  |  |  |  |
| dan be direnginened.   | I mailse the corporate Producement Strategy   |  |  |  |  |

|  | 2040, 2022 and adopt by May 2040   |
|--|--|
| 5. Use our initiatives and procurement to ensure that fair employment practices and the living wage are built in to all work the Council does across Glasgow.  | <ul> <li>2018 -2022 and adopt by May 2018.</li> <li>Continue to promote the Glasgow Living Wage and work towards a target of 1000 employers signed up by 2023.</li> <li>Continue to deliver the Glasgow Guarantee and the annual target of supporting 1000 people to achieve a positive destination.</li> <li>Ongoing development of Fairer Glasgow Employer award.</li> </ul>   |
| 6. Support small businesses and encourage business diversity in local high streets across the City, and continue to support <u>Business</u> <u>Improvement Districts</u> (BID).                                  | <ul> <li>Continue to support planned and existing BID's through the BID Steering Group.</li> <li>Regular BID meetings will be held to review proposals against set criteria ensuring a coordinated approach across the Council.</li> <li>Develop a Retail Strategy and present to committee during 2018.</li> </ul>  |
| 7. Explore the feasibility of introducing a universal citizens' income and local currencies for Glasgow.   | <ul> <li>If the business case to secure Scottish Government funding to support research, modelling and public consultation is approved the steering group will meet to agree and finalise the tasks and processes for taking the feasibility study forward. This will include contacting interested parties to assist in the study, setting timescales for tasks and agreeing responsibilities.</li> <li>An update report will be provided to the Council's (CBIM) Elected Member Group.</li> </ul>  |
| 8. Support the hospitality, events and conference market, maximising business and employment opportunities through the Economic Strategy and Glasgow Tourism and Visitor Plan.                                   | <ul> <li>Work with Business Engagement and the Get Ready Glasgow Programme to ensure businesses are aware of the potential opportunities arising from the European Championships 2018.</li> <li>Support Glasgow Life in the development of a new Events Strategy for Glasgow.</li> <li>Deliver a promotional event on the food and drink sector offer within the city.</li> </ul>  |
| 9. Appoint a digital champion and become the number one digital city in Scotland by increasing the number of people with digital skills, growing the business base and greater marketing of our digital success. | <ul> <li>Development of a refreshed <u>Digital Glasgow</u> <u>Strategy</u> via the Digital Glasgow Board in collaboration with key partners.</li> <li>Hold the first meeting of the Digital Glasgow Board and identify priority work packages and lead partners.</li> <li>Develop proposals for a Glasgow Infrastructure Fund to support capital investment in the city.</li> <li>Pilot a programme of digital skills development that will complement activity already undertaken in partnership with the Scottish Government's Codeclan project.</li> <li>Continue to deliver the <u>Digital Boost</u> programme.</li> </ul> |
| 10. Ensure Glasgow has full superfast broadband by 2021, supported by the Scottish   | <ul> <li>Continue to work with Scottish Government<br/>on the next round of superfast broadband roll</li> </ul>  |

| Government's national plan for broadband roll out.  | <ul> <li>out which aims for 100% coverage by 2021.</li> <li>Digital Scotland procurement process will continue throughout 2018.</li> <li>Engage with stakeholders to investigate the opportunities arising from City Deal to install digital infrastructure.</li> </ul>  |
|---|--|
| 11. Develop the international strand of the Glasgow Economic Strategy to promote Glasgow's economy, commerce, world class heritage and events globally and learn from other international cities. | <ul> <li>Develop an Exporting Strategy to support increasing numbers of Glasgow companies exporting.</li> <li>Refresh the Inward Investment Strategy.</li> <li>Continue to work with Local Authorities across the Clyde Valley to further develop a regional inward investment offer.</li> </ul>   |
| 12. Promote Glasgow as a centre of excellence for broadcast and media and make the case for new services to be based here, including a film studio for Scotland.                                  | <ul> <li>Glasgow Film Office will continue to attract income to the city as a result of filming, we have a target to attract £10m for 2018/19.</li> <li>The Creative Sector has been identified as a 'key sector' in Glasgow Economic Strategy and a 'Creative Strategy' will be developed over the life of the Strategic Plan.</li> <li>Develop a competent bid to host the new Channel 4 headquarters in Glasgow.</li> </ul> |

| VIBRANT CITY   |   |  |  |  |

|  | Progress <u>Transforming Communities</u> <u>Glasgow</u> projects in line with project plans   |
|  | and timescales.   |
| 81. Supporting registered social landlords and the private sector to provide 15,000 new homes across the city, maximising delivery of homes for social rent, promoting use of the city's vacant and derelict land, bringing empty homes back into use, encouraging city centre living and creating opportunities for self-build. Bringing the city's vacant and derelict land back in to productive use is a key opportunity for inclusive growth that the Council wants to encourage. | <ul> <li>Deliver the Affordable Housing Supply Programme 18/19 (£85.73m) and prepare an annual review outlining performance of the programme.</li> <li>Deliver Regeneration Capital Grant Fund projects.</li> <li>Annually bid for and deliver any allocation from the Housing Infrastructure Fund.</li> <li>Deliver annual Vacant and Derelict Land budget.</li> <li>Develop an Empty Homes strategy during 2018.</li> <li>Continue to pilot 6 self-build plots in Maryhill including the development of a design code and plot passport to facilitate self / custom build.</li> <li>Consider market research commissioned from consultants on city centre living with a view to informing a City Centre Residential Strategy.</li> <li>Gather evidence in relation to the provision of student accommodation and its potential over-concentration in certain locations and the effect it has upon sustainable communities which can then be used to inform whether and how new guidance on student accommodation can be produced.</li> <li>Preparation of a committee report to follow up on Student Accommodation report presented to committee. The follow up report will focus on the issue of over concentration, locational criteria and supplementary guidance.</li> <li>Consider ways in which Affordable Housing delivery can be best maximised.</li> </ul> |
| 82. Implement the <u>City Development Plan</u> and review planning regulations with the Scottish Government to ensure we deliver the best outcomes for Glasgow. Investigate ways to develop planning and licensing decisions at a local level.   | Annual report prepared through the Planning Performance Framework.  |
| 83. Ensure that Glasgow's developments both residential and public realm, are of a high international standard and deliver clean, sociable, accessible and safe neighbourhoods and public spaces. We will work with partners to develop proposals for the appointment of a City Architect.   | DRS staff will attend a workshop planned<br>and organised by Architect and Design<br>Scotland in June 2018 which aims to<br>progress proposals for the appointment of a<br>City Architect.  |
| 84. Extend our approach to Enhanced Enforcement Areas to tackle problems in the private rented sector, and take action against   | Work with the Scottish Government to<br>develop and strengthen Local Authority<br>enforcement powers. Proposals are currently   |

| rogue landlord.  | <ul> <li>out for consultation.</li> <li>Continue to progress and promote Private Landlord registration and take action where required.</li> <li>Work will continue through strategic partnership arrangements with Registered Social Landlords to deliver area based property condition strategies in a number of areas across the city.</li> </ul>           |
|--|---|
| 85. Develop a repair and maintenance strategy with registered social landlords and private owners for pre 1919 properties in the city.   | <ul> <li>Consider feedback and carry out an assessment of a pilot property condition survey of 50 tenement properties.</li> <li>Develop a full survey of a further 450 tenements in the city.</li> <li>Work will also continue with Registered Social Landlords to deliver repair strategies in areas where partnership arrangements are in place.</li> </ul> |
| 90. Consider the potential options coming from the on-going study that the Council has commissioned around implementing either a city-wide, or localised, Rent Pressure Zones. | <ul> <li>Prepare an options paper to inform committee on Rent Pressure Zones.</li> <li>Present report to committee and action recommendations.</li> </ul>   |

### **COMMUNITY PLAN**

The <u>Glasgow Community Plan</u> has identified three focus areas – Economic Growth, Resilient Communities, and A Fairer More Equal Glasgow and also two priority areas of Childcare and Transport. Glasgow Community Planning Partnership supports Glasgow's Economic Strategy and the City Region Economic strategy as the means for delivering economic growth for Glasgow. DRS is closely aligned to Economic Growth within the Community Plan and plays a role along with stakeholders in delivering both the Glasgow Economic Strategy and City Region Economic Strategy.

DRS, along with partners and stakeholders, is involved in actions within the Glasgow Community Plan which progress economic growth, this is detailed in the <u>Community Action Plan 2018 - 2020</u>, as follows:

- Provide entry level staff with accredited, transferable qualifications, that can support staff in securing career employment
- Provide people who are being supported through employability Programmes with accredited, transferable qualifications that will support them to secure career employment
- Identify both the level and proximity of risk to unemployment across existing employees.

  This information will influence the development and targeting of employability interventions
- Ensure all policies, decisions and developments actively promote inclusive growth
- Engage with Scotland's Social Security Agency / Department for Work & Pensions in relation to new jobs created in the City to support Scotland's new Social Security Agency.

This is with a view to ensuring the opportunities offered by these jobs are available for Glaswegians furthest removed from the job market. Relevant Employability programmes should be considered to support this.

In the coming year, DRS will work with partners and stakeholders to progress the Community Action Plan and actions outlined above.

### 3. SERVICE PRIORITIES

Development and Regeneration Services vision is to '*Drive, direct and deliver economic growth, closing the inequalities gap and tackling poverty*'. The vision is central in all of DRS's service priorities which are closely aligned to the Council's Strategic Plan and contribute to the desired outcomes. The actions below have been identified as Service Priorities for 2018/19 and have been aligned to the priorities and outcomes of the Strategic Plan.

| Service activity,    | Actions for 18/19                         | Target 2018/19                               |
|----------------------|---|--|
| Project or           |   |  |
| Programme            |   |  |
|                      | A Thriving                                |  |

Develop Target Operating Model for data and analysis

We will work with the new Corporate Strategic Innovation Technology (SIT) team to develop and implement the appropriate Target Operating Model (TOM) across the Council family and City partners to introduce the "Design with Data" brand for re-designing services using data. This will be a key component towards embedding a data driven decision making culture within the organisation and beyond resulting in effective rebalancing of resources and a focus on value-added outcomes. This will include continuation of the delivery of the European funded data analytic projects in collaboration with other Scottish Cities and partner cities across North West Europe with a focus on Open data for a smarter City as a key element of the digital strategy.

#### STAFF DEVELOPMENT AND ENGAGEMENT

The Organisational Development Board meets regularly and has responsibility for taking forward both departmental priorities and Corporate initiatives in relation to staff development and engagement (Engage for Success initiatives).

The key themes of focus for 2018 for Engage for Success are:-

- Skills development opportunities to support key departmental priorities/succession planning
- Health & Wellbeing
- Communication

A number of initiatives are being rolled out across the department in support of these key themes as follows:-

### Staff survey - specific service responses

A staff survey action plan was developed to progress issues identified from the 2015 Staff Survey. A range of issues have been addressed and reported to DRS Senior Management Team. Actions continue to be progressed across the three priorities. A new staff survey will be carried out this year and we will be encouraging staff to participate in this.

### **Training and development**

Promotion of a mentally healthy workplace has been continuing. After training 44 Managers last year in mental health awareness the programme has been rolled out. Four staff have achieved accredited trainers status and can deliver training to staff. A Spotlight On seminar on mental health awareness was held which provided staff with valuable information and allowed discussion and sharing of experience.

### Attendance management

The 2017/18 target for attendance management is 4.4 lost days per employee per annum. During 2017/18 5.5 days were lost per employee. Although the target was not met, this is an improvement on 2016/17 when 6 days were lost per employee and 2015/16 when 6.8 days were lost per employee. Spikes in long term absences have led to a number of healthy working initiatives being piloted.

### Staff health initiatives

DRS has continued with its proactive approach to staff health with a number of staff health initiatives held this year. Eleven teams of 55 staff took part in this year's Walking Challenge. This initiative challenges staff to compete a minimum of 10,000 steps per day to complete a 'virtual' walking tour.

A new group has been established to tackle sedentary lifestyles and 'get DRS walking.' A number of actions have already came from the group, from staff requests and in response to attendance management. These include the idea of establishing a health and well-being area in the office which could include a stretching area, mindfulness area and a permanent table tennis area. The Sedentary Life Working Group is also working on producing an action plan.

#### **Lunchtime Events**

The yoga sessions have been continuing and a waiting list is in operation due to the popularity of these lunchtime sessions. 2 sessions are held each week for beginners and advanced level and 12 attend each session. Costs are paid by class attendees. Positive feedback has been received from staff attending, including improved general health, reduced stress levels and improved posture. The sessions have also had the added benefit of enabling new relationships to form across the Service leading to increased awareness and knowledge of the full scope of DRS activities amongst staff.

Drop In lunchtime table tennis sessions have recently started up again and proving to be highly popular. Holistic therapies and massage are also continuing twice per month which allow staff to use their own time and finance to attend workplace sessions.

DRS Reading Club was established this year and is well attended. A 'Book of the month' is chosen for members to read and regular discussion groups are held to deliberate the book.

Spotlight On Sessions are held which focus on activities which DRS are involved in or aligned to, have a health focus or are a key service priority. A number of sessions have been arranged for 2018 including Autism Awareness (developed as part of the City Centre Strategy), Working collaboratively, Property and Land Service (which has recently transferred into DRS) and Mental Health and Laughter. The format of the session is a presentation followed by questions / answers, sharing of experience and debate.

An innovative approach to communications is being piloted with the introduction of a quarterly engagement calendar. This promotes health and wellbeing activities within the service, staff development opportunities and fundraising pursuits. A quarterly fundraising event has also been introduced. The first was held in February 2018 which encouraged staff to donate to food banks, collection spaces were provided in kitchen areas throughout the Service where staff could donate items of food, toiletries etc. A fundraising Fast Day is scheduled for during Ramadan, this has been held in previous years and raised money for Children in Need. It also raises awareness and understanding of religious practices and shows support for colleagues who are participating in Ramadan. A fundraising event has also been arranged for mental health entitled 'Curry and Chaat' to encourage people to come along for something to eat and share their experiences of mental health.

### Work / life balance provision

DRS support a range of flexible work options within the exigencies of the service. This assists staff to improve their work life balance, carry out caring duties and improve health and well-being. Options available include compressed hours, part time working, home working, reduced hours and part retirement.

### 4. BENCHMARKING, INSPECTION AND EQUALITIES

### **Local Government Benchmarking Framework**

<u>Local Government Benchmarking Framework</u> indicators for 2016/17 include the following Economic, Planning and Corporate service indicators which DRS report on:

- % of unemployed people accessing jobs via Council funded / operated employability programmes (source : SLAED indicator)
- Cost per planning application (source : Scottish Government, Planning Performance Framework)
- Average time taken to deliver a commercial Planning application decision (source : Scottish Government, Planning Performance Framework)
- Number of Business Gateway start up per 10,000 population (source : Business Gateway)
- Proportion of internal floor area of operational buildings in satisfactory condition (source: Council supplied data)

The <u>National Benchmarking Overview Report 2016/17</u> report indicates that Glasgow is similar to the Scotland average for number of unemployed people supported, average time per business and industry planning application and the proportion of satisfactory internal floor area of operational buildings.

There has been a slight increase in the number of Business Gateway start-ups from 6.2% in 2015/16 to 6.6%, compared to a Scottish average of 16.6%. Glasgow has taken a strategic decision to align its Business Support offer with the ambitions laid out in the Economic Strategy 2016-2023, focusing on growth as opposed to start-up. This ensures a more targeted support service to SMEs and entrepreneurs who have the potential to grow. There is also a wide range of business start-up services in Glasgow such as university incubators, Princes Trust, the banking sector and the growth of online tools.

In 2015/16 68.9% of Glasgow's operational buildings were in a satisfactory condition compared to 81.5% in Scotland. In 2017 the council established a Corporate Landlord function to deliver a sustained joined up approach to property asset management and utilisation. Our in-house improvement plans have identified a range of opportunities to reduce our overall operational footprint and, as a result, enable greater investment in the remaining estate to improve its quality. This has resulted in the percentage of operational buildings in a satisfactory condition increasing to 84% in 2016/17.

### **Benchmarking - Other**

The <u>Planning Performance Framework 17 - 18</u> provides a balanced measurement of the overall performance and quality of the Planning Service. All Planning Authorities are required to prepare an annual report which details qualitative and quantitative measures. Performance for 2017/18 demonstrates continuing improvement.

The PPF for 2016 – 17 was assessed, using RAG rating, by the Scottish Government and a performance markers report was prepared. Feedback was received which also indicated improvement on the previous year. The Planning Performance Framework for 2017 – 18 was submitted to the Scottish Government on 31<sup>st</sup> July 2018.

<u>Scottish Local Authorities Economic Development Group</u> is a network of Economic Development teams from all 32 local authorities. An annual report is published which sets out a range of data and information which assists authorities to identify potential areas for improvement. <u>Scottish Local Authorities Economic Development Indicators Framework 2016 - 2017</u> was published in November 2017. The report highlights that Glasgow:

- Accounted for almost 20% of the companies registered with the Supplier Development Programme
- Supported the highest number of businesses with 2,586 (17.6%)
- Had the highest number of employability participants with 11,290 (22%)
- 22.5% of companies attending Supplier Development Programme training events were from Glasgow
- Accounted for the majority of new jobs at 1,877, followed by Edinburgh with 505 planned new jobs

### **EFQM**

DRS is the nominated lead for progressing activities for improvement which focus on data and information, specifically data and data sharing with partners and using data and information. DRS staff have successfully undertaken EFQM Assessor training and will be actively involved in the corporate approach which is currently under development.

### **Equalities**

Staff have continued to attend the corporate Equality Working Group to ensure that DRS is consistent with and contributing to the corporate equality agenda. Staff awareness raising on equality issues has been carried out. Sessions have been held for staff on a mentally healthy workplace and Spotlight On sessions are planned on Autism awareness. DRS also promote any corporate equality related activities throughout the service.

DRS makes a major contribution to the corporate equality aim of 'Improve the economic outcomes for people with protected characteristics'. During 2017/18, 176 young people with a disability were registered with Glasgow Guarantee and 57 achieved a positive outcome and 10 young people were registered with the Additional Supported Learning Programme and 5 achieved a positive outcome. 39 Black and Minority Ethnic young people also achieved a positive outcome as a result of engagement with the Glasgow Guarantee.

Business Gateway provided a range of support and targeted business events for women and the Black and Minority Ethnic community. During 2017/18, 7 *Women into Business events* were held which were attended by 207 women. 60 *Ethnic Entrepreneurs* community based events were held and 436 one to one ethnic support sessions undertaken.

Funding from the Affordable Housing Supply Programme plays a crucial part in enabling people with a disability to remain within their own home. During 2017/18, £2.768m was awarded for adaptations to homes including walk in wet rooms, handrails and ramps. This funding enabled 1025 families with a disabled members to remain in their own home. 42 wheelchair accessible units were also completed during 2017/18.

The Affordable Warmth Programme targets specific households, specifically areas in Council Tax Band A – C, areas with the lowest Scottish Index of Multiple Deprivation and non-traditional or hard to heat house types. During 2017/18, £4.382m Home Energy Efficiency Programme funding and £593,664 Scotland Energy Efficiency Programme was awarded to 11 project areas across the city, including Yoker, London Road, Cadder, Lethamhill and Barmulloch.

### **Equality Impact Assessment**

Almost 50 staff from across the service have attended Equality Impact Assessment training. This will ensure that staff are aware of our responsibility to carry out <u>Equality Impact Assessments</u> and to be able to identify where there is need. In the last year, we have completed equality impact assessments on:

City Centre Commercial Waste Pilot Project
Glasgow City Development Plan
Glasgow Housing Strategy
City Centre Enabling Infrastructure – Sauchiehall Street Avenue
Planning Enforcement Charter

### **5. PAST PERFORMANCE**

The table below outlines performance achieved on a progressing Strategic Plan priorities and also service performance indicators. Further information on these is available in Appendix 1.

|           | Strategic Pl | an Priorities  | Performance Indicators |                |  |  |
|-----------|--------------|----------------|------------------------|----------------|--|--|
| 2017/18   | Number       | Percentage (%) | Number                 | Percentage (%) |  |  |
| Green     | 29           | 100%           | 6                      | 67%            |  |  |

| Improvement Districts.   |   |       |
|--|---|-------|
| Improvement Districtor   | Support has also been given to Great Western Road BID where pre ballot activities are underway. The Love Kelvinbridge business plan is being prepared and a tentative ballot date of November 2018 is currently being worked to.  |       |
| 7. Explore the feasibility of introducing a universal citizens' income and local currencies for Glasgow.   | A business case was developed by 4 local authorities and NHS Scotland, which make up the Citizens Basic Income Model (CBIM) Steering Group (Glasgow, Edinburgh, Fife and North Ayrshire) to obtain the £250k funding offered by the Scottish Government to support research, modelling and public consultation. This has been submitted to the Scottish Government and approval is awaited.   | GREEN |
| 8. Support the hospitality, events and conference market, maximising business and employment opportunities through the Economic Strategy and Glasgow Tourism and Visitor Plan.                                   | Support has continued to the Glasgow Event Working Group including development of a Glasgow Event Strategy which links to the wider Glasgow Economic Strategy.  | GREEN |
| 9. Appoint a digital champion and become the number one digital city in Scotland by increasing the number of people with digital skills, growing the business base and greater marketing of our digital success. | A Digital Champion has been appointed to take forward the digital agenda within the city.  The first meeting of the Digital Glasgow Board has been held and 2 working groups have been agreed. These are Digital Public Services and the Digital Economy.   | GREEN |
| 10. Ensure Glasgow has full superfast broadband by 2021, supported by the Scottish Government's national plan for broadband roll out.  | A procurement process is underway throughout 2018 to deliver broadband in areas where it is currently unavailable. This is part of the Scottish Government's <i>'Digital Scotland's Reaching 100% Programme'</i> which aims to extend coverage of Next Generation Access broadband as far as possible and deliver superfast broadband access to 100% of premises in Scotland by 2021.   | GREEN |
| 11. Develop the international strand of the Glasgow Economic Strategy to promote Glasgow's economy, commerce, world class heritage and events globally and learn from other international cities.                | An Inward Investment Strategy has been drafted and will be presented to committee by summer 2018.  Work has also been carried out to promote the city on an international platform. Extensive planning and management was undertaken for Glasgow and its partners to attend the Ignition Festival in August 2017 and the Expo Real event in October 2017 in Munich. Glasgow was also represented at MIPIM where 2 key events were staged to launch the Glasgow Investment Guide 2018 and to introduce Glasgow's 3 innovation districts. | GREEN |
| 12. Promote Glasgow as a centre of excellence for broadcast and  | Final tabulation of regional spend as a result of filming for 2017 was completed in mid-January and reached £15,129,550. Work continued with the Glasgow Short Film Festival 2018 with  | GREEN |

| media and make the case for new       | sponsorship of its programme and with the Glasgow Film Festival 2018 on industry events.         |  |
|---------------------------------------|--|--|
| services to be based here,            |  |  |
| including a film studio for Scotland. | Discussions have been held with industry representatives to discuss the strategy around a bid to |  |
|                                       | host the new Channel 4 regional HQ. A competent bid to host the new Channel 4 headquarters       |  |
|                                       | will be developed and details will be published by mid-April.                                    |  |

|  | VIBRANT CITY   |       |
|--|--|-------|
| PRIORITY   | 2017/18 UPDATE   | RAG   |
| 19. Develop a Historic Glasgow strategy and work with city region partners and others on continued transformation of the River Clyde and waterfront. | Work continued on the Waterfront and West end Innovation Quarter as detailed in the Business case. The Executive committee approved a Quay Walls Strategy in August 2017 and appointment of external consultants to progress feasibility studies and design development for investment in Council owned quay walls at Lancefield Quay and the Briggait.  | GREEN |
| 20. Develop the City Design<br>Quarter and introduce a 'Glasgow<br>Made' Award.  | Work has continued with the Glasgow Canal Partnership to regenerate the canal area including the 'Growing Spaces and Places' project which is funding the design and fit out of Civic House and design works at Old Basin House. Vacant and derelict land fund works was ongoing at Firhill and Applecross Basin. An application has also been submitted to Regeneration Capital Grant Fund in August 2017 for 'Sighthill Enterprise Wharf'. | GREEN |

| A SUSTAINABLE AND LOW CARBON CITY  |  |       |

| continue to invest in the drainage | Feasibility stage has been completed for Hillington/Cardonald, Eastern Springburn, High        | GREEN  |
| infrastructure across the city to  | Knightswood and Fullerton Avenue SWMPs. A Consultant has been appointed to develop the         | GKLLIN |
| support climate resilience.        | Drumchapel SWMP detailed design.   |        |

| RESILIENT AND EMPOWERED NEIGHBOURHOODS  |  |       |  |  |
|---|--|-------|--|--|
| PRIORITY  | 2017/18 UPDATE   | RAG   |  |  |
| 74. Develop a more integrated approach to how we use our policies, assets and resources to improve community empowerment, neighbourhoods and delivering equality.                             | A range of community engagement tools are being explored, including Place Standards, to support the preparation of spatial guidance in our key regeneration priorities throughout the city. The City Development Plan promotes an expectation that developers exceed statutory obligations in engagement. The Placemaking Guidance promotes phases of engagement as developments are prepared and supports recognition where it can be demonstrated that there has been responsive engagement with stakeholders. | GREEN |  |  |
| 76. Review and provide options for how we can develop a liveable communities policy, linking up our approach to Thriving Places, the use of the Place Standard and the City Development Plan. | Cross function and department discussions have been held to set out to the National Place Standard Team the best approach for training events in Glasgow. Place Standard Alliance is taking place on 7th June 2018 and the National Place Standard Team will initiate training programmes.   | GREEN |  |  |
| 77. Support and enhance Glasgow's conservation areas working with residents to preserve the character of these areas and ensure appropriate action.   | Park Draft Consultation Area Appraisal was completed and is out for consultation until May 2018. St Vincent Crescent Conservation and Newlands conservation appraisal are almost complete. The Service aims to achieve the Standards set by the currently agreed Planning Enforcement Charter.   | GREEN |  |  |
| 78. Deliver a programme of investment in new or refurbished community facilities.   | A report proposing the development of a Community Asset Strategy for 2018 – 2022 was presented to committee in November 2018. Development of the strategy was approved and it has been noted that a draft Community Asset Strategy will be presented to committee at the end 2018 / early 2019.  | GREEN |  |  |
| 79. Encourage the development of trusts, social and community enterprises to support community ownership and management of assets.  | Support has continued to be given to new and established community enterprises to develop. Financial support has been delivered through the Glasgow cooperative and social enterprise fund which is targeted at growing social enterprises and co-operative start-ups.  Co-operative Glasgow collected a good practice award at the Urbact City festival in Tallinn, Estonia and participated in 3 days of workshops, networking and a Q&A   | GREEN |  |  |

| 80. Deliver the Glasgow Housing Strategy, including utilising funding from the Scottish Government and development partners to step up progress on the city's priority Transformational Regeneration Areas and Development Framework Areas.  | Panel. Co-operative Glasgow was a very popular topic at the event, allowing the city to be promoted in a positive light.  A Social Enterprise Strategy for Glasgow is currently under development and will be ready early in 2018.  Glasgow's Housing Strategy 2017 to 2022 was approved by committee in January 2017. The first annual progress report is currently being prepared and will be presented to committee in June 2018.  Glasgow's Strategic Housing Investment Plan 18/19 to 22/23 was presented to committee in November 2017. This forms part of the Scottish Government's framework for the allocation of development funding to local authorities and      | GREEN |

| 81. Supporting registered social landlords and the private sector to provide 15,000 new homes across the city, maximising delivery of homes for social rent, promoting use of the city's vacant and derelict land, bringing empty homes back into use, encouraging city centre living and creating opportunities for self-build. Bringing the city's vacant and derelict land back in to productive use is a key opportunity for inclusive growth that the Council wants to encourage. | requires to be submitted annually to the Scottish Government. It outlines the delivery plan for the Glasgow Affordable Housing Supply Programme.  The Affordable Housing Supply Programme out turned the following for 2017 /18 – 1125 Approvals, 1542 site starts and 1376 homes were completed. The budget for 2018/19 is £85.731m and the programme is currently being finalised.  Glasgow's Affordable Housing Supply Programme 2016/17 was presented to committee in October 2017. A performance review report for 2017/18 is currently being prepared.  Glasgow's Regeneration capital grant fund awards were presented to committee in November 2017 and accepted.    |       |
|  | A report was presented to committee on <u>vacant and derelict land issues affecting Glasgow</u> in September 2017. A <u>Delivery Plan</u> for 17/18 outlined proposed site locations, work to be undertaken and expenditure. The budget for 2017/18 was £3,114,403. The level of vacant and derelict land has fallen from 1,110ha in 2016 to 1,069 in 2017, a reduction of 3.8%.  Planning permission for the first phase of 6 self-build plots in Maryhill was submitted using a plot passport and design code approach. Remediation of a second self-build plot for 17 homes has been completed.  Research was commissioned on the student accommodation market in Glasgow | GREEN |

|  | Work has also been continuing with Registered Social Landlords on the delivery of repair strategies in areas where partnership arrangements are in place.   | GREEN |
|--|---|-------|
| 85. Develop a repair and maintenance strategy with registered social landlords and private owners for pre 1919 properties in the city.   | A pilot property condition survey has been instructed for Ibrox / Cessnock tenement properties. Following feedback an assessment will be carried out of the pilot survey with a view to procuring a full survey of a further 450 tenements.   |       |
|  | We have also been working with the Scottish Government to introduce secondary legislation which will give local authorities powers to request documentation / certification from landlords at the point of registration which is currently only available under EEA.  |       |
| rogue landlord.  | An Acquisition Strategy has been agreed for 2018/19 and beyond. Strategic partnership arrangements are in place with a number of Registered Social Landlords to deliver area based property condition strategies in areas such as London Rd (Thenue Housing Association), Priesthill (Rosehill Housing Association) and Haghill (Milnbank Housing Association). | GREEN |
| 84. Extend our approach to Enhanced Enforcement Areas (EEA) to tackle problems in the private rented sector, and take action against   | Property inspections are currently underway in the 2nd designated EEA in Govanhill.   |       |
| international standard and deliver clean, sociable, accessible and safe neighbourhoods and public spaces. We will work with partners to develop proposals for the appointment of a City Architect. | A workshop has been arranged between elected members, officers and key partners to develop the full scope of the City Architect role and remit with the intention of having an appointment made before the end of 2018.   | GREEN |
| 83. Ensure that Glasgow's developments both residential and public realm, are of a high  | Fact finding has been undertaken and background information and research carried out to inform elected members on this action.  |       |
| develop planning and licensing decisions at a local level  | The <u>Planning Enforcement Charter</u> was reviewed within statutory timescales and presented to committee in March 2018.  |       |
| Government to ensure we deliver the best outcomes for Glasgow. Investigate ways to   | Government by 31 <sup>st</sup> July 2018. <u>Glasgow Development Plan Scheme 2018 - 2019</u> which outlines the key stages in the City Development Plan process, was issued.  | GREEN |
| 82. Implement the City Development Plan and review planning regulations with the Scottish  | Planning Performance Framework 16 - 17 was presented to committee in January 2018 and Planning Performance Framework 17 - 18 was submitted to the Scottish  |       |
|  | report was presented to committee in March 2018 and a further committee report has been instructed focusing on the development of policies on issues such as over concentration, location and the option of introducing new supplementary guidance.   |       |

90. Consider the potential options coming from the on-going study that the Council has commissioned around implementing either a city-wide, or localised, Rent Pressure Zones.

Potential options relating to the Scottish Government's Rent Pressure Zones have been scoped and formulated. A committee paper outlining options has been prepared and will be presented to committee in Spring / summer 2018.
