Ward 15 Maryhill

Councillor Jane Morgan

Scottish Labour

Local News

WINTER 2020

Dear Resident

Local issue: Potential additional housing land

In a newsletter last year I set out the position at that point on the 'Summerston Wider Area' feasibility study in relation to a proposed housing development bounded by Blackhill Road.

This feasibility study is to examine the environmental, hydrological and infrastructure issues in the larger area to the north of Summerston, including phasing and delivery, to assess the potential for additional housing land in the area.

The feasibility study has not yet been reported to a committee of the Council.

Notwithstanding, a planning application (reference 19/03776/PPP) has now been submitted by Caledonian Property Investments Ltd. This application is available to view via the Council's online Planning Portal.

Should you wish to make comment on the planning application, the last date for comments from the public is now Friday 21 February. Anyone wishing to make a representation must therefore do so by this date.

As I am a member of the Planning committee I may not, and will not, comment before all papers are before the Planning Committee. But you can be assured that I will give this full and proper consideration.

My role

I was pleased to be elected as a Councillor for Maryhill ward in May 2017. Since then I have been active in pursuing issues brought to me by residents. Most people contact me by e-mail or phone but I am pleased to meet you personally, at a surgery or by appointment. **My surgery times and contact details are at the end of this newsletter.**

The Council's website provides information on its services and on reporting of problems. Online reporting is available for many environmental service issues and phone numbers are below. But please do get in touch if you need further assistance or if you have concerns relating to other Council services.

I also play a full part on the Council committees of which I am a member and on the Integration Joint Board that sets direction for community health and social care services in Glasgow.

For Maryhill specifically, I am a member of the Area Partnership which allocates small grants to local projects and of the Group addressing regeneration through housing investment. I attend Community Council meetings, as well as meetings of residents associations where that is requested. I am pleased to meet, work with and support the dedicated community members who give their time to such groups.

I also keep in touch with the many voluntary organisations active in Maryhill- including, but not only, Home Start, the CAB, the Women's Centre and Maryhill Integration Network.

If you are involved in a group that I have not met please do get in touch.

I hope the above information is helpful.

Yours sincerely

JANE MORGAN

Surgeries

I would be delighted to see my constituents at my surgeries to discuss issues, problems, successes and stories. If you cannot come in person, but wish a face to face meeting, you make an appointment by contacting me by email: jane.morgan@glasgow.gov.uk or by telephone: 0141 287 4120 or 07747105650.
