Cc: [REDACTED]  
Subject: RFC supporters parking restrictions

[REDACTED]

I am a resident of [REDACTED] and in support of the implementation of the Event Day Zone Parking scheme in this area.

This will completely improve homeowners like myself in this area to feel safe and secure in their homes without on going abuse from RFC supporters who are constantly unhappy when driving in and out your own street near match times. Furthermore parking over or partially over driveways which is completely inconvenient to homeowners and residents. This will improve the area making it safer for children to run around and for homeowners to not be housebound in their own homes restricting them to be able to drive out their own drives. There will be an overall improvement to the [REDACTED] area as a whole.

Regards

[REDACTED]

Subject: New parking control restrictions at [REDACTED]

hi,

My name is [REDACTED] I am a resident at [REDACTED].

I am in support of implementing of event day zone parking scheme in [REDACTED]

Currently the parking situation during events and football matches is very bad. There is so much congestion on the roads. So much extra litter being dumped on to streets for football fans. Football fan sometimes park in-front of driveways with total disregard for residents. Also with so much extra vehicles in the area there is extra pollution.

With the new proposed parking restrictions most of theses issues will be solved with addition of increased revenue for public transport!

Please keep me informed on the situation

Kind regards  
[REDACTED]

Dear [REDACTED]

THE GLASGOW CITY COUNCIL  
(IBROX STADIUM)  
(EVENT DAY EMERGENCY ROUTES AND PARKING ZONE) ORDER 201\_

Thank you for your correspondence regarding the above named Traffic Regulation Order.

I can confirm that, in line with the background for these proposals and the contents of the Traffic Regulation Order, these proposals are only for events being held at Ibrox Stadium. The control of traffic for events in Bellahouston Park is not managed or enforced by the Council, the event organisers arrange for this, and pay for this, themselves.

Your support will be considered and included within the final report which will inform the decision. Once a decision has been taken in regards to these proposals I shall write to you again and advise of the outcome.

Yours sincerely

Subject: Parking Control - [REDACTED]

Dear [REDACTED]

RE: Parking Control - [REDACTED]

As a resident of [REDACTED], I am writing to support the introduction of parking controls in the area for Ibrox match days.

I live on [REDACTED] which is less than a 10 minute walk to the stadium and on match days our street is extremely congested.

Cars park opposite our driveway which makes it very difficult to exit and enter the driveway to my property. In addition, with cars parked on one side along the full length of our street, the street is reduced to a single lane. If there is an oncoming vehicle, one of the vehicles has to either reverse back down the street, mount the pavement or pull into a driveway to allow the approaching vehicle to pass.

Cars tend to arrive in the area up to 2 hours before a match. The occupants will sit in their cars eating, drinking and smoking, discarding their wrappers, burger boxes, drinks cans, beer and Buckfast bottles etc

onto the pavement. On one occasion I witnessed one of occupants of one parked vehicle stepping out and urinating on a wall next to the car!!

I also think that the parking controls should be enforced for events at Bellahouston Park. [REDACTED] is the closest street to the main gate of the park for parking and again the street can be very busy when there is an event in the park.

I totally support the implementation of the event day zone parking in [REDACTED].

Yours faithfully

[REDACTED]  
[REDACTED]

**Cc:** [REDACTED]  
**Subject:** Support for implementation of event day restrictions in parking

I am a resident of [REDACTED] and live in [REDACTED]. I fully support the implementation of the event day zone parking in [REDACTED] for the following reasons:

1. There are always problems with traffic and many cars trying to park in a small area; my young son witnessed a car accident a few years ago during an Ibrox match when a pedestrian was seriously injured in [REDACTED] at the end of a match. This was due to the huge influx of cars and people after the match all intent in getting home. Therefore there are significant safety issues
2. There is always a lot of litter left behind after a match: this is not only unsightly but has led to problems with rats attracted to the food cartoons left after each match.
3. The neighbourhood has been blighted for many years by this regular influx of traffic and this would enable [REDACTED] to be much improved.
4. If Glasgow city is serious about implementing green policy and encouraging people to use public transport rather than cars, this would be an excellent case to do this as it would encourage large groups of people to utilise public transport, reduce the regular congestion in both [REDACTED] and Ibrox area and enhance public transport usage and links.

I am fully supportive of this

Kind regards

[REDACTED]

Dear [REDACTED]

THE GLASGOW CITY COUNCIL  
(IBROX STADIUM)  
(EVENT DAY EMERGENCY ROUTES AND PARKING ZONE) ORDER 201\_

Thank you for your correspondence regarding the above named Traffic Regulation Order.

I can advise that your comments have been noted, all applications for permits will be decided and monitored by the Council's Customer and Business Services team, any unusual activity or irregularities will be reported for an investigation to be carried out. All permits being displayed on vehicles will be marked with a hologram to prevent forgery and any suspected fraudulent use of permits can be reported to the Council which my enforcement team can investigate

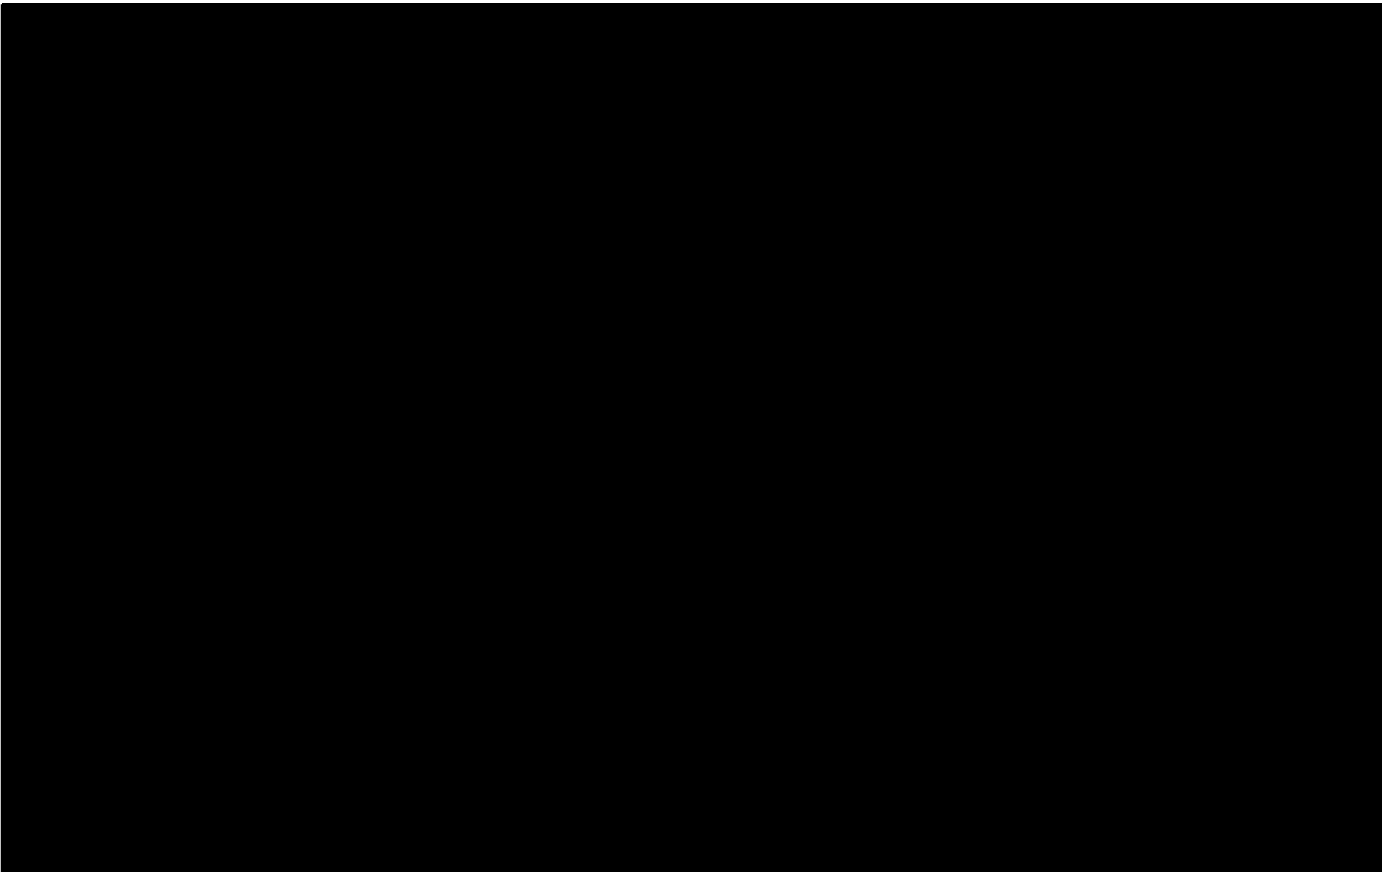

I can further advise that residents will be required to show proof of residence and businesses will be required to show proof of operation, however placing additional restrictions on the application for permits cannot be considered at this stage in the statutory process.

Your support will be considered and included within the final report which will inform the decision. Once a decision has been taken in regards to these proposals I shall write to you again and advise of the outcome.

Subject: [REDACTED] parking - feedback on proposals

Hello - I am contacting you in connection with the proposals re THE GLASGOW CITY COUNCIL (IBROX STADIUM) (EVENT DAY EMERGENCY ROUTES AND PARKING ZONE) ORDER 201 and I am fully in support of them. Although I do not live in [REDACTED] I regularly visit my family there ([REDACTED]) and the current arrangements for controlling football parking are totally inadequate – they make local access for visitors impossible during the period of a match. It is galling to be visiting Glasgow to see family and be unable to park within a mile of them, when that is the sole purpose of my drive from [REDACTED]. Currently we are forced to cancel dates for get together if there is a football match on – seems very unfair. So the proposed changes are very welcome.

**Subject:** Proposed Parking changes at Ibrox

As a resident in the area, I am writing to express my wholehearted support for the proposed controls. At present, when there are matches at Ibrox, residents have great difficulties getting in or out of the area. Some of the drivers coming for the matches are aggressive and without any consideration for the people who live in the area, and I personally have been subjected to verbal abuse by drivers who think they have prior rights to drive and park in the area. With car parking controlled, the police would also have more time to deal with the small hooligan element in the supporters who urinate in streets and private gardens or shout sectarian slogans outside church buildings

Subject: Proposed EDPZ.

To whom it may concern.

After living in this area for over 25 years, the current system is no longer fit for purpose. For too long we have had to endure not knowing when we return home if we can park our car. Or family/friends have been constrained on when they can visit us when an event is on. This is wrong and we as residents should not be in this position going about our lives.

After reading the information supplied I am completely in favour and agreement for the EDPZ and what it entails, especially for residents who have no driveway or access to alternative parking.

MESSAGE SENT ON BEHALF OF [REDACTED]  
[REDACTED]  
LAND AND ENVIRONMENTAL SERVICES

Dear [REDACTED]

THE GLASGOW CITY COUNCIL  
(IBROX STADIUM)  
(EVENT DAY EMERGENCY ROUTES AND PARKING ZONE) ORDER 201\_

Thank you for your correspondence regarding the above named Traffic Regulation Order.

These parking controls are designed to allow the local community to operate as normal, without the negative influence of event day parking, therefore organisations including churches, local businesses and community clubs would be able to apply for the amount of parking permits they require free of charge. All applications for permits will be decided and monitored by the Council's Customer and Business Services team, any unusual activity or irregularities will be reported for an investigation to be carried out.

All permits being displayed on vehicles will be marked with a hologram to prevent forgery and any suspected fraudulent use of permits can be reported to the Council which my enforcement team can investigate.

I can confirm that my enforcement team carry out patrols around Ibrox Stadium during football games / major events and do issue Penalty Charge Notices (PCN's) to vehicles in contravention of the restrictions.

Enforcement is carried out in conjunction with Police Scotland using pre-agreed routes. Each road in the area is visited and enforced as required. Vehicle removals on the routes designated as emergency routes get priority over non-emergency routes. If vehicles are parked on emergency routes they will be issued with a PCN and removed. If a vehicle is parked in residential area they will only be issued with a PCN. They will not be removed.

Your support will be considered and included within the final report which will inform the decision. Once a decision has been taken in regards to these proposals I shall write to you again and advise of the outcome.

Yours sincerely

**Subject:** Support of the proposal.

I am resident of [REDACTED] and wholeheartedly support EDZP proposals. The current system is failing the public and I believe these proposals both enhance the life of residents within zone and reduce the impact on our lives.

However I do have concerns. First is the issue of the permits. Their has to be some sort of serial number on them which can readily identify them to which house / premises they have been registered to so that the authorities can take action in the event of people abusing the system, which will happen. Secondly is the numbers being issued to say businesses and household who state they require the. Carte Blanche issuing on this matter cannot be undertaken, and rigorous checks must be done to ensure that they are truly required. if not then we will only be faced with the status quo we have at this moment.

My 3<sup>rd</sup> is enforcement. At the moment enforcement only seems to be concentrated on the emergency routes, which is understandable, but it sadly neglects the areas blighted by parking. Enforcement must be a priority for this new system.

Dear [REDACTED]

I write in support of the proposal for event day parking round Ibrox stadium.  
It's aims are laudable - traffic reduction, environmental, health and safety.

But the scheme must be well set up and managed, to avoid abuse of the system.  
So careful vetting of permits, no long term visitor permits and proper enforcement just to name a few points.

Yours sincerely,

[REDACTED]

MESSAGE SENT ON BEHALF OF [REDACTED]  
[REDACTED]  
LAND AND ENVIRONMENTAL SERVICES

Dear [REDACTED]

THE GLASGOW CITY COUNCIL  
(IBROX STADIUM)  
(EVENT DAY EMERGENCY ROUTES AND PARKING ZONE) ORDER 201\_

Thank you for your correspondence regarding the above named Traffic Regulation Order.

These parking controls are designed to allow the local community to operate as normal, without the negative influence of event day parking, therefore organisations including churches, local businesses and community clubs would be able to apply for parking permits free of charge. All applications for permits will be decided and monitored by the Council's Customer and Business Services team, any unusual activity or irregularities will be reported for an investigation to be carried out. All permits being displayed on vehicles will be marked with a hologram to prevent forgery and any suspected fraudulent use of permits can be reported to the Council which my enforcement team can investigate.

I can advise that restricting permits to a specific area was not part of the original proposals that were publicised and I am unable to consider this at this stage of the statutory process.

I can confirm that permits would have a unique reference number that is stored on a database that can be searched if required. Permits can also be revoked if there is any misuse, the 10-year residents' visitor permit is in line with all other similar schemes operating in Glasgow and I am unable to change its inclusion within these proposals at this stage of the statutory process.

Feedback from the local community and my enforcement team will identify any issues if this scheme is implemented.

Your comments will be considered and included within the final report which will inform the decision. Once a decision has been taken in regards to these proposals I shall write to you again and advise of the outcome.

Yours sincerely

Subject: Concerns regarding proposed EDZP scheme for Ibrox - attn [REDACTED]

I am a resident of [REDACTED] and I am, in principle, in support of the EDZP scheme. However, I think that it's implementation has been poorly thought through and I have the following concerns –

1. There is no limit to the number of visitors' permits that a resident can obtain

2. There does not appear to be a limit on the number of permits that businesses and organisations can obtain. So potentially people could join an organisation simply to obtain a permit. Clearly this is open to abuse.
3. The visitors permits appear to be general permits rather limited to an area. So someone could obtain a permit from a resident in one part of Ibrox and park in a completely different part of Ibrox. This would make it very difficult to identify if the scheme is being abused. Permits should be clearly marked with the street where the resident lives. Will this be done?
4. The website Q and A states that, regards visitors' permits, " A resident can purchase as many as they require at a cost of £10 per permit, however this will be closely monitored to ensure there is no abuse of the system". How will the council monitor for abuse and what sanctions will they take against anyone abusing the system. Will each visitor permit have the name and address or a code to identify which resident bought the permit? Will a database be maintained of which residents have bought permits and how many?
5. The visitor permits are valid for 10 years. If the EDZP scheme actually makes parking worse, people with visitor permits will be able to continue parking for the next 10 years and there will be nothing that the residents or council can do. The council should issue visitor permits that are only valid for at most 1 year until the scheme has been thoroughly tested and proven to be effective.
6. There is no indication of how the council will monitor the scheme to assess whether it improves or worsens the parking situation.

Dear [REDACTED]

I am a resident of [REDACTED] and I fully support the implementation of the Event Day Zone Parking scheme in this area.

Parking in [REDACTED] is hard at the best of times and on match days it becomes impossible. We live on a corner and are almost always wedged in by two of the many vehicles left in the area. The drivers parking outside our house do not appreciate how hard it is to reverse out of a corner driveway. Cans are often left in the hedges and food debris is dumped in the gutter or on the pavement. On occasion I have spoken to men using using our hedge as a toilet.

Trying to travel by car before and after games at Ibrox is also tricky. You have to plan your whole day/evening around match times.

As I mentioned, I fully support this scheme and hope it is implemented as soon as possible.

Your sincerely,

[REDACTED]

Dear [REDACTED]

This note is to express strong support for your plans for event day parking. As a resident of [REDACTED] for 25 years, I have suffered the blight of much day parking and match day traffic, both of which mean that entering or leaving the area either near kick off time or in the hour after the match is nigh on impossible. In addition the behaviour of the fans who park is sometimes disgraceful. Over the years I have seen countless fans littering our streets and some even urinating on the street.

Yours Sincerely

LAND AND ENVIRONMENTAL SERVICES

Dear Sir / Madam

THE GLASGOW CITY COUNCIL

(IBROX STADIUM)

(EVENT DAY EMERGENCY ROUTES AND PARKING ZONE) ORDER 201\_

The Council propose to consider the introduction of the above named Traffic Regulation Order.

Please find enclosed a copy of the press notice of the proposed Order, relevant map, statement of reasons, detailed report and frequently asked questions.

Details of the proposals will also be available on the Glasgow City Council website at [www.glasgow.gov.uk/saferparking](http://www.glasgow.gov.uk/saferparking).

As stated in the attached documentation, any person wishing to object to the proposed Order should send details of the ground for their objection in writing to [REDACTED] Land and Environmental Services, Exchange House, 231 George Street, Glasgow, G1 1RX or by email to [saferparking-ibroxstadium@glasgow.gov.uk](mailto:saferparking-ibroxstadium@glasgow.gov.uk) by 25 May 2018.

Yours faithfully

Dear Sir/Madam,

**THE GLASGOW CITY COUNCIL, (IBROX STADIUM)  
(EVENT DAY EMERGENCY ROUTES AND PARKING ZONE) ORDER 201\_**

Thank you for the opportunity to comment on the proposals for event day parking around Ibrox Stadium.

We are pleased to see that supporter parking is to be controlled and that people visiting the stadium will be encouraged to travel by coach/bus/public transport.

Our streets are thoroughfares, allowing people to travel from place to place and should not be used to store motor vehicles.

Paisley Road West is one of the most heavily-cycled routes in the city, and while parking restrictions here and on Edmiston Drive, and on the other streets in the area, will improve conditions for people walking as well as cycling, we now look forward to you being able to provide good quality cycle infrastructure for residents, commuters and visitors in this area.

Yours sincerely

Dear sir/madam,

as a resident of the [REDACTED] area, I am writing to support the implementation of the Event Day Zone parking scheme in my area.

This will make the streets safer for children and pets, will make properties safer, and reduce greatly the current problems of littering and damage to objects (bins, signs, street lights, fences, vegetation) we experience frequently during and after events at Ibrox stadium.

MESSAGE SENT ON BEHALF OF [REDACTED]  
[REDACTED]  
LAND AND ENVIRONMENTAL SERVICES

Dear [REDACTED]

THE GLASGOW CITY COUNCIL  
(IBROX STADIUM)  
(EVENT DAY EMERGENCY ROUTES AND PARKING ZONE) ORDER 201\_

Thank you for your correspondence regarding the above named Traffic Regulation Order.

I can advise that residents may apply for a residents parking permit, free of charge, for any vehicle they have registered at their address. Residents' visitor parking permits can be purchased by residents within the affected area at a cost of £10 for 10 years.

I can advise that, by the introduction of Event Day Parking Zones, attendees should be encouraged to use public transport for all or part of their journey to stadia in Glasgow. Furthermore, my Officers have met with SPT, Scotrail and bus operators to establish the current levels of service and discuss possible improvements to public transport. Bus operators have noted that no real improvement can be made due to the volume of traffic in the area both prior to and after a game. They would be happy to review this but only when there is less traffic in the area. SPT also noted that Shields Road Park and Ride had capacity to be utilised further on match days.

In addition to the above, supporter's buses would be accommodated within the zone. The locations for dedicated supporter bus parking have been agreed with Police Scotland as they manage this facility on match days. If, in the future, there appears to be insufficient accommodation for the number of supporter buses parking in the area then the Council, in conjunction with Police Scotland, can look to provide additional locations where practicable.

Your support will be considered and included within the final report which will inform the decision. Once a decision has been taken in regards to these proposals I shall write to you again and advise of the outcome.

Yours sincerely

**Subject:** Note of support for event day parking

Dear sirs/Madams

I am a resident on [REDACTED] so extremely close to the stadium and I am very pleased that the we are finally getting this event day parking.

Could you please clarify, if I have a car registered to [REDACTED] will this pass be automatic and application only if I want a visitors pass? Or do I also need to apply for residents pass?

I know that the underground already runs extra services during game times and that many folk already use this service mainly to/from the city centre.

I'd love to see this combined with more joined up and affordable public transportation which in conjunction to this will make the scheme the most effective.

I understand that many residents just outside the boundary have concerns which is understandable the aforementioned better public transport which I believe is already on the table would be an excellent match and an excellent opportunity, one I feel we missed during the commonwealth games but could take the opportunity of in other events coming soon to Ibrox and to Glasgow.

Thank you very much in advance for taken on this support and also these additional points.

Kind Regards

[REDACTED]

Subject: Parking permits for [REDACTED] Area

Dear [REDACTED]

I refer to your proposal for parking controls in the [REDACTED] Area with respect to provision during matches at Ibrox Stadium.

I am in complete agreement with your proposals for the following reasons:-

1. As a resident of [REDACTED] for 46 years I have noticed the considerable increase in volume of traffic on match days resulting in extreme congestion of traffic and in pollution caused by traffic emissions.
2. When I first moved here most supporters used public transport, supporters buses or walked. Now, the majority of supporters arrive in single occupancy cars resulting in resident parking being overwhelmed, particularly for those of us who live in flats.
3. On match days residents cannot return home until at least an hour after the match finishes as it takes that length of time for the traffic to clear. For those of us who are elderly and/or infirm this is a breach of our human rights.

4. When matches are on Sundays, inability to park on my return home affects my ability to attend a Church Service.

I would be happy to discuss these comments with you if this would be of assistance in progressing the parking controls.

I look forward to the implementation of the parking permits and thank Glasgow City Council and its staff for their work in this matter.

Yours sincerely,

Subject: Ibrox parking

To whom it may concern,

My name is [REDACTED] and I have been a resident of [REDACTED] for the last 3 years and I am wholly in support of the implementation of the Event Day Zone Parking scheme in this area.

Even though we are not football supporters, we have to plan our comings and goings around the Rangers calender, as parking can be next to impossible for us on these days. We find it especially difficult as we are on [REDACTED] next door to the [REDACTED] and when they have an event on too, we simply cannot risk going out in the car on those days as we will not be able to park by our home. We have even had to tell family and friends not to visit us on match days as they will not be able to park.

This Parking scheme will allow residents to come and go as they please and will improve the neighbourhood as there will no longer be overcrowded streets and badly parked cars trying to squash themselves in.

I live at [REDACTED]

Thank you for your time and consideration in this matter.

Cc: [REDACTED]  
Subject: Parking at Ibrox Stadium

Dear [REDACTED]

I am writing to express my support for the proposal to limit parking for Ibrox match day events.

I have lived in [REDACTED] for more than fifty years. Throughout that time, it has always been difficult to get in and out of the area in general, and my house in particular, during matches at Ibrox. My gateway is often blocked by inconsiderate drivers and polite requests for them to move are often met with abuse. The parking is particularly bad at corners. Consequently, it is impossible for emergency services to pass, with resulting danger to both life and property. Problems remain after the game as the entire district is littered with bottles, cans and wrapping paper, and a lot of rubbish is thrown into my garden.

The matches have a very considerable impact on the amenity of the area. The parking restrictions would increase it enormously and return it to being a valued and attractive asset to the city.

Quite apart from these considerations, I also believe that the restrictions would have a beneficial "Green" effect by taking many hundreds of cars off the roads and so improve the quality of life for everybody in the city.

Yours faithfully,

[REDACTED]

**Subject:** Ibrox Event Day Parking Scheme

My name is [REDACTED] and I live at [REDACTED] in the [REDACTED] area. This is an area covered by the proposed Ibrox event day parking scheme. I want this scheme to go ahead as it is necessary for the welfare and amenity of local residents. The impact of a significant influx of cars on myself and neighbours is intolerable.

I have lived in this area for 19 years and the street is mainly quiet. It is very easy to park at or near my house at any time apart from when there is an event at Ibrox or the occasional very big event in Bellahouston Park. I know that I don't have a right to park outside my house, but I should not be inconvenienced by someone from Perth or Ayr using my area as a convenient place to abandon their transport for a few hours on a Saturday or a Sunday. This is important to me as I suffer from [REDACTED]. Unfortunately during the football season, I am either trapped at my home or away from home during home games and 1-2 hours on either side of these events. Every square inch of parking space is filled up and if you need to make a short trip anywhere in the vicinity it is impossible to find a parking space on your return. I need to check the football fixtures in order to be aware if I can travel by car from my home during match days. What is particularly difficult is that matches occur at different times over the weekend. With the parking being reserved for residents, I could be assured that on my return I can get parked.

Parking is not the only issue. People don't arrive at the same time, so there is no great problem of traffic congestion at that point. The real problem is when the game finishes and drivers try to leave at around the same time. This causes huge congestion and it can take up to an hour for traffic to clear. I really don't want

to breathe in the emissions from so many cars idling their engines outside my home. This is a city that is discussing low emission zones.

I would not be surprised if fan groups that support those who regularly travel to Ibrox by car get together and deluge you with objections to the scheme. That is the right of anyone, but I would point out that most of these people don't live here. Why should someone from Cowdenbeath who has been urged to write in be listened to over people who live or work in [REDACTED] and the other areas covered by the scheme. Note that these people may even be armchair fans who don't often come to Glasgow. I could understand if Ibrox was a hard place to get to, but there are frequent buses on Paisley Road West and there is a subway stop at Ibrox. There are also fan buses that have other parking areas designated to them.

Finally, I should point out that there are a number of similar schemes operating in Glasgow and they work very well. Please give the people surrounding Ibrox the benefit of having a similar scheme in place.

Regards

[REDACTED]

Dear Sir,

Parking Proposals for [REDACTED] Area

As a resident of [REDACTED] I wish to record that I am in full support of the implementation of the Event Day Zone Parking Scheme in the area. Such a scheme will provide a positive impact on the immediate environment by removing a large number of vehicle journeys to, from and within the impacted area. The current parking restrictions are ineffective in restricting the impact of the vehicles coming to the area during match days. I have witnessed cars parking across the entrances to driveways, parking on both sides of the road, and the removal of parking cones from the street by supporters in vehicles. Such behaviours should not be tolerated and the focus of council policy surely should be to provide attractive public transport alternatives.

From a wider perspective, [REDACTED] is a family orientated area, with the abundance of social spaces providing opportunities for families to enjoy some quality time together at weekends. Currently, these opportunities are adversely affected by the influx of Rangers supporters and their vehicles. It is not an exaggeration to say that this can be quite intimidating to residents, particularly when young children are

involved. I would urge the council to consider the wider environmental impact on the area of the current situation. It cannot be acceptable to perpetuate conditions which adversely affect local residents and their environment on the basis that any change would be inconvenient for a number of football club supporters.

I trust that the above is clear but should you wish to discuss any matter in greater detail, please do not hesitate to contact me.

Regards,

[REDACTED]

I reside at the above address in [REDACTED] and am delighted to be informed that parking controls will be introduced for Ibrox match days and I wish to convey that I fully support any restrictions that will be put in place.

This will alleviate the hazard of exiting and entering our driveway as currently cars are parked so close to either side it obstructs our view of traffic on what is a busy road.

[REDACTED] is, after all, a Residential Conservation Area and should be treated as such.

Kind regards,  
[REDACTED]

**Subject:** Ibrox Match Day Parking

Dear Sirs

I am a resident of [REDACTED] [REDACTED] and support the implementation of the Event Day Zone parking Scheme in this area. I believe that road safety is currently at risk under the present arrangements – for example cars are parked (abandoned) across the corner of [REDACTED] and [REDACTED] making visibility difficult when exiting [REDACTED], and across the corners of [REDACTED] and [REDACTED]. In the past, such problems would have been dealt with by the police, but their resources are now limited.

Also, the general volume of traffic on event days has now become a major problem, meaning that a ten minute trip to the supermarket can take up to 35 minutes

As there is more than adequate public transport access to Ibrox, I cannot see any reason why parking should not be restricted

Best Wishes

FAO: [REDACTED]  
I, [REDACTED], am a resident of [REDACTED] and I support the implementation of the Event Day Parking Scheme here in this area.

At present I am extremely annoyed that anyone can park as they like whenever there's an event on in the area. We have cars parked illegally, removing cones and showing total disregard for residents by parking over driveways, on corners etc. As it stands at present, family members, friends and carers have to face great difficulties in order to visit.

Sometimes we are faced with verbal abuse, depositing litter in the garden and often urinating in full view of residents.

I feel this scheme will provide us with some measure of control as long as Glasgow City Council or the Police and the relevant bodies ensure enforcement of the law is implemented.

I fully support this scheme.

Dear [REDACTED]

THE GLASGOW CITY COUNCIL  
(IBROX STADIUM)  
(EVENT DAY EMERGENCY ROUTES AND PARKING ZONE) ORDER 201\_

Thank you for your correspondence regarding the above named Traffic Regulation Order.

I can confirm that my enforcement team carry out patrols around Ibrox Stadium during football games / major events and do issue Penalty Charge Notices (PCN's) to vehicles in contravention of the restrictions.

Enforcement is carried out in conjunction with Police Scotland using pre-agreed routes. Each road in the area is visited and enforced as required. Vehicle removals on the routes designated as emergency routes get priority over non-emergency routes. If vehicles are parked on emergency routes they will be issued with a PCN and removed. If a vehicle is parked in residential area they will only be issued with a PCN. They will not be removed.

Your support will be considered and included within the final report which will inform the decision. Once a decision has been taken in regards to these proposals I shall write to you again and advise of the outcome.

Yours sincerely

Subject: Possible parking ban in residential areas

I would like to comment on the possible ban on parking in residential areas during football matches, which I would support.

I go to a [REDACTED] group at [REDACTED] on a Wednesday evening and on football evenings life is very difficult. Many of our players are retired and it is not unknown for them to have to carry quite heavy [REDACTED] quite a long way because they cannot park anywhere near the church.

Although I find the football supporters themselves generally amiable, they seem to be desperate to park as close to Ibrox as possible. I have seen them pick up and move parking bollards. They park diagonally on corners. They now habitually park outside our front door, which is on [REDACTED] between [REDACTED] and [REDACTED], and it must be totally obvious to anyone that this is a particularly obstructive place to park.

Mind you, I did not see any cars being towed away last season - why was that?

Subject: [REDACTED] Ibrox stadium parking petition

Dear Sir/ Madam,

I write to you in support of the proposed parking ban for Ibrox stadium users on match day/ event days in the [REDACTED] area of Glasgow.

My parents live in [REDACTED] [REDACTED] & when visiting on days that coincide with the above matches & events can be very inconvenient & often results in having to park away from the property due to match day visitors parking in their street as well as extreme congestion on the roads in the area as well.

It has also been observed on many occasions that people who have parked on their street then abuse the privilege of doing so by being disrespectful through dropping litter, being loud & sadly at times urinating & spitting too.

Behaviours that are quite frankly unacceptable in any neighbourhood & should not be tolerated under any circumstances but may I point out that there are also young children who live & play in the street & these unhealthy practices need to be removed.

I believe that a park and ride operation needs to be put in place so that supporters can park their cars in safe non residential areas & then be bussed to the stadium & back again to their vehicles afterwards.

Many thanks for taking my views into consideration & with best regards,

[REDACTED]

(a frequent visitor to [REDACTED], [REDACTED])

FAO: [REDACTED] [REDACTED]

Dear [REDACTED]

I am a resident of [REDACTED] I am firmly in support of the implementation of the Event Day Zone Parking scheme in this area.

Each time there is a football game or an event in Bellahouston Park, it is almost impossible to drive my car out of my driveway, get onto [REDACTED] Road and travel anywhere, such is the level of congestion.

Although parking is permitted at the moment on my street, my car is often blocked in my driveway by people who park inconsiderately, giving no regard to access by residents.

I cannot invite family or friends to visit on events days. Apart from the road congestion, there is nowhere for them to park.

Rubbish is discarded on our street too.

My street is a private road. Glasgow City Council do not maintain it, it is the residents task to keep it safe and in good condition. We are now very concerned about the state of the road surface. It is breaking up badly due to the heavy volume of traffic attempting to park and having turn around. And we, the residents, are going to have to pay for the repairs.

Thank you.

Yours sincerely

Dear Sirs

I am a resident of [REDACTED] and wish to notify you of my support for the new parking restrictions which are being proposed for Event days at the stadium and more generally on other local high attraction events.

Apart from the significant traffic and noise problems that these events create I am fed up with the uncivilised behaviour of many of those attending the events (eg dumping litter and using any convenient area as a toilet) and their total disregard for residents and their property.

Parking is of a particular issue for me and my neighbours. We live in the [REDACTED]. It is a [REDACTED] of only [REDACTED] of houses. It is a [REDACTED] with no [REDACTED]. The road surface, which I and my neighbours are responsible for maintaining, is now breaking up because of the frequent usage and turning of those drivers who use the road to part on match days. (As it is [REDACTED] I would like question why they are presently allowed to park here).

For me the new parking regulations can not come in quickly enough

Your faithfully

Cc: [REDACTED]  
Subject: Event Day Parking

As a resident of [REDACTED] I am in support of the implementation of the Event Day Zone Parking scheme in this area.

Currently on match days I either cannot leave my house as I know I will not get a parking space in my street on my return or I have to plan my journey to be in and out before/after the match. It is also difficult to have visitors to the house at match times as you cannot be certain of parking being available for them.

I have a young child and the speed of a number of the cars and the attitude of some of the drivers is appalling even though this is supposed to be a 20mph area. I also get rubbish thrown into my garden from takeaway meals etc.

If the zone parking was implemented I would be able to come and go as I needed to and not worry about not being able to park. There would also not be the same level of traffic in the area which would make it safer for my daughter.

I look forward to the implementation of the Event Day Parking.

Regards,

[REDACTED]

Dear [REDACTED]

THE GLASGOW CITY COUNCIL  
'IBROX STADIUM)  
(EVENT DAY EMERGENCY ROUTES AND PARKING ZONE) ORDER 201\_

Thank you for your correspondence regarding the above named Traffic Regulation Order and I apologise for the delay in my response, this is due to the significant amount of correspondence received.

I can advise that these parking controls are designed to allow the local community to operate as normal, without the negative influence of parking for events at Ibrox Stadium, therefore residents and organisations including churches, local businesses and community clubs would be able to apply for parking permits free of charge. All applications for permits will be decided and monitored by the Council's Customer and Business Services team, any unusual activity or irregularities will be reported for an investigation to be carried out. All permits being displayed on vehicles will be marked with a hologram to prevent forgery and any suspected fraudulent use of permits can be reported to the Council which my enforcement team can investigate.

I can confirm that permits would be issued with a unique reference number that is stored on a database which can be interrogated if necessary. Permits can also be revoked if there is any misuse.

Thank you for your comments and your support will be considered and included within the final report which will inform the decision. Once a decision has been taken in regards to these proposals I shall write to you again and advise of the outcome.

Yours sincerely

Subject: (aa) The Glasgow City Council (Ibrox Stadium) (Event Day Emergency Routes and Parking Zone) Order 201\_

To - Land and Environmental Services, Glasgow City Council

Dear

I write to confirm my support of the proposed "THE GLASGOW CITY COUNCIL (IBROX STADIUM) (EVENT DAY EMERGENCY ROUTES AND PARKING CONTROLS) ORDER 201\_"

There are a number of reasons I wish to support this order which include:-

- The present arrangements for the management and control of Parking when large events are held in the area – particularly in relation to those occasions when a match or other event is taking place at Ibrox Stadium – simply are insufficient, do not 'work', no doubt are costly to administer and are very difficult, if not practically impossible, to enforce.
- Whilst no 'system' is likely to be 'perfect' what is planned, it seems to me, will be much better than what we have at the moment.
- I am advised similar systems in the Scotstoun and Hampden areas of Glasgow; and in Murrayfield area of Edinburgh apparently work well.
- The scheme has the support of the two Community Councils which cover the portion of my Ward included.
- My constituents advise me that it was in January 2017 that they were 'promised' that such a scheme would be 'in place' and operational by August/September of that year.
- Local MSP – – advises me that she was 'promised' that the introduction of such a scheme would be put in place as a 'legacy' after the 2014 Commonwealth Games and that she is concerned that there should be no further delay.

It appears that whilst the vast majority of my Constituents are supportive of the scheme – even some who are supportive - do have legitimate and understandable concerns which have been drawn to my attention:-

Those concerns relate principally to issues concerning permits and permit holders.

1. Constituents are concerned that the number of Permits issued to any resident, business, club, association, faith or voluntary group, situated within the area of the Zone, will be modest, reasonable, proportionate and will be

monitored and reviewed by the Department – with appropriate remedial action being taken if any misuse is found to occur.

2. Arising therefore from 1. above it is requested and suggested that Permits have a 'code number' (and perhaps also a Postal Code) so that should misuse of a Permit be experienced action the more easily will be able to be taken.
3. I fully endorse the suggestion of each Permit having a code number or other means of identification and would request that this please be done.

Finally I would confirm that recently I suggested to the [REDACTED] of Rangers Football Club, [REDACTED], that it would be helpful - in all events – whether under the present unsatisfactory parking arrangements – or under a new scheme – for his Club to seek to introduce an arrangement for 'Free Public Transport' on Match Days for supporters/customers having a Ticket to attend - i.e. 'automatic' – if you have a match ticket Public Transport for you is free that day.

[REDACTED] responded positively to my suggestion and I do hope that such a system will come to pass. However whilst no doubt this would be helpful it does not take away from the necessity now to proceed as soon as we can with bringing in the new system !

With kindest regards.

Yours sincerely,

[REDACTED]

MESSAGE SENT ON BEHALF OF [REDACTED]  
[REDACTED]  
LAND AND ENVIRONMENTAL SERVICES

Dear [REDACTED]

THE GLASGOW CITY COUNCIL  
(IBROX STADIUM)  
(EVENT DAY EMERGENCY ROUTES AND PARKING ZONE) ORDER 201\_

Thank you for your correspondence regarding the above named Traffic Regulation Order.

I can confirm that, if this scheme is implemented, enforcement will be carried out by enforcement team.

All applications for permits will be decided and monitored by the Council's Customer and Business Services team, any unusual activity or irregularities will be reported for an investigation to be carried out. All permits being displayed on vehicles will be marked with a hologram to prevent forgery and any suspected fraudulent use of permits can be reported to the Council which my enforcement team can investigate.

I can advise that restricting permits to a specific area was not part of the original proposals that were publicised and I am unable to consider this at this time in the statutory process.

It should be noted that the control of traffic for events in Bellahouston Park is not managed or enforced by the Council, the event organisers arrange for this, and pay for this, themselves.

Your support will be considered and included within the final report which will inform the decision. Once a decision has been taken in regards to these proposals I shall write to you again and advise of the outcome.

Yours sincerely

**Subject:** support for plan

Hello.

I am writing as a local person to support this plan.

The current frequent hordes of vehicles and occupants invading my and other local streets, makes life at times quite miserable and heavily restricts and complicates normal social and domestic activity. (E.g. visiting someone who needs care / having people round / going out for something and not getting back in.)

Parking is often quite inconsiderate and inappropriate and causes problems for other traffic passing, and for residents who can be blocked in or out if they have a drive beside the house.

I have been a [REDACTED] in [REDACTED] for many years – I know how incensed and miserable the parking problem makes our residents.

I have some concerns that in order to be effective:

- the plan will need to be actively enforced
- there needs to be some system for monitoring and control of the permits issued (and possible withdrawal where used inappropriately).

I would have preferred that:

- passes issued were restricted to use in that part of the area in which they are issued
- the plan could be implemented during the many other events in this area which are not related to Ibrox (e.g. usually based on Bellahouston Park).

But overall I am delighted that this plan tries to actively address the problems – and I support its implementation.

MESSAGE SENT ON BEHALF OF [REDACTED]  
[REDACTED]  
LAND AND ENVIRONMENTAL SERVICES

Dear [REDACTED]

THE GLASGOW CITY COUNCIL  
(IBROX STADIUM)  
(EVENT DAY EMERGENCY ROUTES AND PARKING ZONE) ORDER 201\_

Thank you for your correspondence regarding the above named Traffic Regulation Order.

I can advise that my enforcement team carry out patrols around Ibrox Stadium during football games / major events and do issue Penalty Charge Notices (PCN's) to vehicles in contravention of the restrictions.

Enforcement is carried out in conjunction with Police Scotland using pre-agreed routes. Each road in the area is visited and enforced as required. Vehicle removals on the routes designated as emergency routes get priority over non-emergency routes. If vehicles are parked on emergency routes they will be issued with a PCN and removed. If a vehicle is parked in residential area they will only be issued with a PCN. They will not be removed.

I can confirm that the west section of [REDACTED] is a privately maintained road. However, in terms of the legislation, Roads Scotland Act 1984, it is still considered a road, regardless of whether it is privately or publicly maintained. This gives the local authority the power, under the Road Traffic Regulation Act 1984, to implement and enforce parking regulations.

The reason [REDACTED] has been included within the proposed EDPZ is to protect the residents of the street from an influx of supporter parking, should the proposed EDPZ be given approval. If [REDACTED] was excluded from the proposals and the EDPZ was given approval, supporters would simply flood this street to park given that it'd be the only one with no restrictions in the area.

Your support will be considered and included within the final report which will inform the decision. Once a decision has been taken in regards to these proposals I shall write to you again and advise of the outcome.

Yours sincerely

Subject: Event Parking - Ibrox & [REDACTED]

To whom it may concern,

I am writing in support of the council proposals for even day parking in the residential areas around Ibrox stadium. For too long now we have had to contend with high levels of littering, public urination and anti-

social behavior if any of this is challenged - hopefully the parking restrictions will improve this - of course only if the council intends to enforce them - there is already supposed parking suspension in our area, and I have yet to see an enforcement officer challenge a single illegally parked car in all the time I have lived here.

And while I am broadly in support of the permitting, I would like to speak to someone at the council about the legality of imposing these restrictions on the road in front of [REDACTED] [REDACTED] on the west side of [REDACTED])

To the best of my knowledge (and according to the deeds of my house) this is a private, unadopted street, owned by the frontagers. I do not expect Glasgow City Council to dispute this, as they have shown no responsibility towards either maintenance or litter cleaning on the street in the past. As a [REDACTED], I do not believe it is a highway, as no public right of way is required, it is not a through road or passageway to anywhere else. Only private property owners, the frontagers, require and have private access. I would dispute that there is a public right of access on this stretch of [REDACTED].

As such, I would welcome someone from Glasgow City Council getting in touch to point out under which relevant legislation the council will be imposing non-standard parking restrictions on this private, unadopted street - something which the residents, the owners of the land, are not keen to have done.

Best regards,

[REDACTED]

LAND AND ENVIRONMENTAL SERVICES

Dear [REDACTED]

THE GLASGOW CITY COUNCIL  
(IBROX STADIUM)  
(EVENT DAY EMERGENCY ROUTES AND PARKING ZONE) ORDER 201\_

Thank you for your correspondence regarding the above named Traffic Regulation Order.

These parking controls are designed to allow the local community to operate as normal, without the negative influence of event day parking, therefore organisations including churches, local businesses and community clubs would be able to apply for the amount of parking permits they require free of charge. All applications for permits will be decided and monitored by the Council's Customer and Business Services team, any unusual activity or irregularities will be reported for an investigation to be carried out.

All permits being displayed on vehicles will be marked with a hologram to prevent forgery and any suspected fraudulent use of permits can be reported to the Council which my enforcement team can investigate.

I can confirm that, in line with the background for these proposals and the contents of the Traffic Regulation Order, these proposals are only for events being held at Ibrox Stadium. The control of traffic for events in Bellahouston Park is not managed or enforced by the Council, the event organisers arrange for this, and pay for this, themselves.

Your support will be considered and included within the final report which will inform the decision. Once a decision has been taken in regards to these proposals I shall write to you again and advise of the outcome.

Yours sincerely

Subject: Proposals

What a fantastic idea  
Why was it not done earlier  
I hope that this will be fully implemented and enforced  
What concerns me is that there may be the facility for some to purchase / obtain additional passes then sell them on How is this to be addressed  
What about other events like the Summer Sessions

Regards  
[REDACTED]
