The above table includes bins that can be requested for flatted properties only. If a bin type is not included in this table, you will not be eligible to request on our form (we will advise on the form if this is the case).

Householders who reside in new build flats must engage with their builder/housing association if they require any bins at their property.

Additionally - for green bins – if your property is managed by a housing association or a factor, you must make a request directly to them.

Please note: Assessments are made by waste team supervisors. If you have made a payment, but it is deemed you are not eligible for the requested bin; you will be refunded within 14 days.
