Owner / Occupier

Dear Owner / Occupier

Dennistoun Area Engagement – Parking Controls and Traffic Measures

Parking and Road Safety has been an ongoing topic for discussion in the Dennistoun area for several years and has seen the Council implement various measures to address concerns. As part of the latest proposals to introduce parking controls in the area the Council have committed to carrying out a community engagement to establish the support and details for any parking controls and associated traffic measures in the area.

The purpose of carrying out the community engagement is to allow the Council to draft a scheme which is supported by the community prior to carrying out a statutory consultation associated with a Traffic Regulation Order or introduction of Traffic Calming measures.

As a resident and/or business owner in the Dennistoun area we would welcome your views on parking, parking controls and road safety by completing the online survey which can be accessed at the following www.glasgow.gov.uk/dennistounparking or alternatively use the below QR code. If you require a hard copy or alternate format or language of the survey, please contact NRSPIMU@glasgow.gov.uk

Closing date for the survey is 13 October 2024.

Yours sincerely

Andrew Beglin
Group Manager – Parking Services
