

## Early and Effective Intervention

You have been referred to EEI because you have been reported by Police Scotland for an offence.

Early and Effective Intervention (EEI) was introduced to help young people make better choices, feel supported and reduce chances of further police contact.

We work with a variety of agencies including schools, Social Work and third sector organisations.

In discussion with you we can decide the best option to help put this offence behind you and move forward.

EEI will always aim to be proportionate, appropriate and fair.

Your input is very important to us, please contact us to discuss this matter.

*Every child has the right to express their views, feelings and wishes in all matters affecting them, and to have their views considered and taken seriously.*

*(Article 12 UNCRC)*
