Subject: Cathkin Pavilion and MUGA

Dear [REDACTED]

25 October 2019

I write to express my opposition to this proposal to use Cathkin Park as a football academy. I have lived in Mount Florida for 40 years and regularly use the space for running, walking and playing with grandchildren. Toryglen football centre offers the same services and I see no need for duplication which would only serve to remove opportunities for the community and families to enjoy the green space with the resultant health and wellbeing benefits.

Please take my views into account when considering this proposal.

Regards
