Subject: Cathkin Park

Dear sirs & madams,

I am writing to object to the transfer of Cathkin Park to the Jimmy Johnstone Charitable Trust. I have copied in the local councillors for Glasgow South in the hope that they can assist in maintaining this park in public hands.

I am a local resident who makes regular use of the park, and I know of several others in my close who also make regular use of the park.

I do not believe that this transfer has been subject to sufficient public consultation, nor is there sufficient clarity on continued public access to the park. Without such assurances, there is no reason to believe that the Charitable Trust's purported aims of "improving the health of" and "providing recreational facilities for" the wider community set out in the business plan available on the council website will be achieved, or that the Trust intends ever to fulfil these aims rather than to restrict public access in service of their own finances.

This is a public park and should remain so.

Sincerely,

[REDACTED]
