1. The Role of the Licensing and Regulatory Committee

Glasgow City Council is the Licensing Authority for the City of Glasgow in relation to a wide range of activities. The responsibility of licensing certain activities, including Short Term Lets (“**STL**”) is delegated to the Licensing and Regulatory Committee (“the **Committee**.”)

The responsibility for determining policy in relation to STL and applications is delegated to the Committee. Further information on the Committee, including its membership and terms of reference, is available online:

<https://www.glasgow.gov.uk/councillorsandcommittees/>

Members of the Committee must take account of the terms of the Councillors’ Code of Conduct published by the Standards Commission for Scotland which sets out the need to ensure that there is a proper and fair hearing for all regulatory decision making and that there is no suggestion of pre-judging or bias in the consideration of any applications before the Committee.

Members of the Committee may declare an interest and choose not to participate in the decision making of any licensing matter in respect of which they have had any prior involvement either personally or in their capacity as a Councillor if they feel that such prior involvement would compromise their impartiality.

2. Definitions

Vulnerable adult has the same meaning as in section 25 of the Abusive Behaviour and Sexual Harm (Scotland) Act 2016.

3. Introduction to Short Term Lets

The Committee's Policy identifies the Committee's approach to the regulation of STL and the processes to be followed relating to applications for licences of this kind. In producing this Policy the Committee has taken into consideration the [Scottish Government's Short Term Lets in Scotland Licensing Scheme Guidance dated March 2022](#)

This Policy provides guidance for potential applicants and members of the public on the licensing of STL within Glasgow.

4. Background to licensing STL

The Scottish Government brought into force The Civic Government (Scotland) Act 1982 (Licensing of Short-term Lets) Order 2022 on 1 March 2022. This 2022 Order introduced a licensing scheme for STL, which requires all STL to be licensed by 1 January 2025. Prior to the introduction of the 2022 Order, there was no requirement to licence STL in Scotland. The 2022 Order provides for changes to be made to the 1982 Act to reflect this new STL licence being introduced.

5. Consultation and Evidence Gathering Process

While the Committee recognises it is a legal requirement to licence STL under the 2022 Order, it undertook a public consultation from 30 June 2022 to 25 August 2022 (both dates inclusive) on the proposed licensing processes, of STL within Glasgow. This consultation sought views on a draft Short Terms Let Policy Statement and sought specific responses on the following matters:

- a) Temporary exemptions;
- b) Temporary licences;
- c) Consultees;
- d) Period of licence on renewal;
- e) Additional Conditions attached to a licence;
- f) Maximum occupancy calculation; and
- g) Any additional comments on the draft policy

The consultation document was available on Glasgow City Council's webpage and the Committee consulted with Elected Members of Glasgow City Council, Community Councils within Glasgow, Glasgow Chamber of Commerce and The Scottish Association of Self-Caterers.

Following completion of the consultation, the Committee at a meeting on 21 September 2022 agreed this Short Term Lets Policy. The Policy was subsequently amended in line with The Civic Government (Scotland) Act 1982 (Licensing of Short-term Lets) (Amendment) Order 2023 on 8 March 2023 and after a review on 20 September 2023 following the decision of *Averbuch & Others v City of Edinburgh Council*. This Policy was further amended in line with the 2024 Order which came into effect on 30 August 2024.

6. What is a “Short Term Let?”

6.1 Definition of “Short Term Let”

It should be noted that the definition of a STL is defined in law and not by the Committee. The 2022 Order defines a STL as follows:

“short-term let” means the use of residential accommodation provided by a host in the course of business to a guest, where all of the following criteria are met—

- (a) the guest does not use the accommodation as their only or principal home,
- (b) the short-term let is entered into for commercial consideration,
- (c) the guest is not—
 - (i) an immediate family member of the host,
 - (ii) sharing the accommodation with the host for the principal purpose of advancing the guest's education as part of an arrangement made or approved by a school, college, or further or higher educational institution, or
 - (iii) an owner or part-owner of the accommodation,
- (d) the accommodation is not provided for the principal purpose of facilitating the provision of work or services by the guest to the host or to another member of the host's household,
- (e) the accommodation is not excluded accommodation (*see section 6.2 below*), and
- (f) the short-term let does not constitute an excluded tenancy (*see section 6.3 below*).

For the purposes of the definition detailed above, the 2022 Order provides that a person (“A”) is an immediate family member of another person (“B”) if A is—

- (a) in a qualifying relationship with B,
- (b) a qualifying relative of B,
- (c) a qualifying relative of a person who is in a qualifying relationship with B, or
- (d) in a qualifying relationship with a qualifying relative of B.

Two people are in a qualifying relationship with one another if they are—

- (i) married to each other,
- (ii) in a civil partnership with each other, or
- (iii) living together as though they were married,

A *“qualifying relative”* means a parent, grandparent, child, grandchild or sibling,

- (c) two people are to be regarded as siblings if they have at least one parent in common,
- (d) a person's stepchild or foster child is to be regarded as the person's child,
- (e) a person (“C”) is to be regarded as the child of another person (“D”), if C is being or has been treated by D as D's child

6.2 Excluded Accommodation

As detailed in section 6.1 above, the 2022 Order provides for certain accommodation to be regarded as *“excluded accommodation”* and therefore there is no need for the owners or operators of these types of accommodation to require a STL licence.

Excluded accommodation means accommodation which is, or is part of—

- (a) an aparthotel,
- (b) premises in respect of which a premises licence within the meaning of [section 17](#) of the [Licensing \(Scotland\) Act 2005](#) has effect and where the provision of accommodation is an activity listed in the operating plan as defined in [section 20\(4\)](#) of that Act,
- (c) a hotel which has planning permission granted for use as a hotel,
- (d) a hostel,
- (e) residential accommodation where personal care is provided to residents, including guest rooms provided at that accommodation for the purposes of visiting residents,
- (f) a hospital or nursing home, including guest rooms provided at the hospital or nursing home for the purposes of visiting residents of the hospital or nursing home,
- (g) a residential school, college or training centre,
- (h) secure residential accommodation (including a prison, young offenders institution, detention centre, secure training centre, custody centre, short-term holding centre, secure hospital, secure local authority accommodation, or accommodation used as military barracks),
- (i) a refuge,
- (j) student accommodation,
- (k) accommodation which otherwise requires a licence for use for hire for overnight stays (not including an HMO licence granted under [section 129](#) of the Housing (Scotland) Act 2006),
- (l) accommodation which is provided by the guest,
- (m) accommodation which is capable, without modification, of transporting guests to another location,
- (n) a bothy,
- (o) accommodation owned by an employer and provided to an employee in terms of a contract of employment or for the better performance of the employee's duties, or
- (p) guest rooms in sheltered housing which are provided for the purposes of visiting residents of that housing.

The Committee would always recommend that people take their own independent legal advice on whether or not their accommodation would require a STL licence. The Licensing Authority cannot provide legal advice on whether or not a premises is excluded from requiring a STL licence.

6.3 Excluded tenancies

As detailed in section 6 above, under the definition of STL within the 2022 Order, one of the criteria for a STL is that it does not constitute an excluded tenancy. The 2022 Order defines an “*excluded tenancy*” as a tenancy which falls within any of the following definitions:

- (a) a protected tenancy (within the meaning of [section 1](#) of the [Rent \(Scotland\) Act 1984](#));
- (b) an assured tenancy (within the meaning of [section 12](#) of the Housing (Scotland) Act 1988);
- (c) a short assured tenancy (within the meaning of [section 32](#) of the Housing (Scotland) Act 1988);
- (d) a tenancy of a croft (within the meaning of [section 3](#) the Crofters (Scotland) Act 1993);
- (e) a tenancy of a holding situated outwith the crofting counties (within the meaning of [section 61](#) of the Crofters (Scotland) Act 1993) to which any provisions of the Small Landholders (Scotland) Acts, 1886 to 1931) applies;
- (f) a Scottish secure tenancy (within the meaning of [section 11](#) of the Housing (Scotland) Act 2001);
- (g) a short Scottish secure tenancy (within the meaning of [section 34](#) of the Housing (Scotland) Act 2001);
- (h) a 1991 Act tenancy (within the meaning of [section 1\(4\)](#) of the Agricultural Holdings (Scotland) Act 2003);
- (i) a limited duration tenancy (within the meaning of [section 93](#) of the Agricultural Holdings (Scotland) Act 2003);
- (j) a modern limited duration tenancy (within the meaning of [section 5A](#) of the Agricultural Holdings (Scotland) Act 2003);
- (k) a short limited duration tenancy (within the meaning of [section 4](#) of the Agricultural Holdings (Scotland) Act 2003);

- (l) a tenancy under a lease under which agricultural land is let for the purpose of its being used only for grazing or mowing during some specified period of the year (as described in [section 3](#) of the Agricultural Holdings (Scotland) Act 2003);
- (m) a private residential tenancy (within the meaning of [section 1](#) of the Private (Tenancies) (Scotland) Act 2016); or
- (n) a student residential tenancy.

The Committee would always recommend that people take their own independent legal advice on whether or not their accommodation would require a STL licence. The Licensing Authority cannot provide legal advice on whether or not a premises is excluded from requiring a STL licence.

7. [Important Dates for STL Licence Applicants](#)

IMPORTANT DATES - It should be noted that from 1 October 2022:

New hosts and operators: if you were not using your premises to provide a STL before 1 October 2022 you can advertise the premises as a STL but you cannot take bookings or have guests stay until you have been granted a STL licence by this Licensing Authority. Subject to meeting the requirements detailed at [section 12.3](#) below, you can submit a STL application on or after 1 October 2022 to the Licensing Authority.

Existing hosts and operators: if you were using your premises as a STL before 1 October 2022, then you have until 1 October 2023 to apply for a STL licence. During the period from 1 October 2022 to submitting your licence application (if lodged prior to 1 October 2023) and it being determined, you can continue to operate your premises as a STL. Please note that you must submit a licence application by 1 October 2023 to continue operating as a STL until your application is determined. You will require to provide evidence of your premises being used as a STL prior to 1 October 2022 with your application. If your grant application is refused you cannot continue to operate your premises as a STL, subject to appeal.

The table below summaries the key dates for potential applicants to consider:

| Date | Hosts operating a STL before 1 October 2022 | Never operated a STL before 1 October 2022 |
|----------------|--|--|
| 1 October 2022 | <ul style="list-style-type: none"> • You can continue to operate your premises as a STL - must comply with existing laws and regulations; • You must apply to the Licensing Authority where your premises is situated for a STL licence; and • If your STL Licence application is refused by the Licensing Authority you must stop using your premises as a STL within 28 days of the decision. | <ul style="list-style-type: none"> • If you wish to operate a STL you must apply to the Licensing Authority in which your premises is situated; and • Must not operate a STL without a licence being granted by the Licensing Authority where your premises is situated. |
| 1 October 2023 | <ul style="list-style-type: none"> • Can only operate without a licence if a STL licence application has been submitted to the Licensing Authority where your premises is situated, and it has not been refused; and • You must stop operating as a STL if your application is | <ul style="list-style-type: none"> • Same as above. |

| Date | Hosts operating a STL before 1 October 2022 | Never operated a STL before 1 October 2022 |
|----------------|--|---|
| | refused by the Licensing Authority, subject to appeal. | |
| 1 January 2025 | <ul style="list-style-type: none"> All hosts must have a STL licence. | <ul style="list-style-type: none"> Same as above |

8. Different types of STL Licences

Under the 1982 Act there are four different types of STL licences that can be applied for. These are:

- Secondary letting;
- Home letting;
- Home sharing; or
- Home letting and Home sharing.

Home sharing and Home letting concern the use of the host's only principal home. Secondary letting does not relate to the use of the host's principal home, it is a separate premises.

The application form will ask for you to confirm what type of STL licence you are applying for when submitting your application. You must select one of the above types of the licence.

Further information on who can submit a STL licence application can be found at section [12.1](#) below.

9. Planning Considerations before Applying for a STL Licence

In this section the following definitions apply:

Flat means a self-contained residential dwelling set within a building of two or more storey containing two or more such dwellings and which is separated horizontally from at least one other dwelling within the building; and

House means a residential premises with a dedicated private entrance which may be detached from any other dwelling or attached via a vertical separation but is not separated vertically from any other dwelling.

Under the 1982 Act, a preliminary ground for refusing to consider a STL licence is when the Licensing Authority considers that the use of the premises for a STL would constitute a breach of planning control under the Town and Country Planning (Scotland) Act 1997 (1997 Act) by virtue of section 123 (1)(a) or (b) of that Act.

The Committee is aware that Glasgow's Planning Policy states in relation to short stay accommodation:

The occasional use of a Flat as short-stay accommodation, which is otherwise a sole or main residence, is unlikely to constitute a material change of use. Planning permission is deemed not to be required where only one lodger is accommodated in addition to one resident family.

Where a Flat is being used frequently to provide short stay accommodation there is likely to be a material change of use. In determining whether a short stay accommodation would constitute a change of use, and require planning permission under section 123 of the Town and Country Planning (Scotland) Act 1997, the Planning Authority will take account of:

- *The nature of services provided, such as cleaning or laundry;*
- *The size and context of the property;*
- *The frequency and duration of short stays; and*
- *The number of people staying.*

In terms of Houses, short stay accommodation is unlikely to require planning permission provided that it is occupied by a single household.

9.1 For new hosts (those who have never operated a STL prior to 1 October 2022) applicants should note that the Licensing Authority may refuse to consider an application under paragraph 2A of schedule 1 of the 1982 Act (*Preliminary Refusal: breach of planning control*) where it considers that the use of the premises as a STL would constitute a breach of planning control for the purposes of section 123 (a) or (b) of the 1997 Act. Applicants should read Glasgow's Planning Policy in relation to short stay accommodation prior to applying for a STL licence.

Applicants will be asked questions in the application form relating to:

- the nature of services likely to be provided at the proposed STL;
- how often the premises is likely to be used as a STL;
- the likely duration of STL stays;
- if the premises is a Flat, if it is accessed via a main door or a communal shared entrance; and
- if the premises is a House, if it will be occupied by more than one household at a time.

Where an applicant does not have planning permission or a certificate of lawfulness of use or development for the premises to operate as a STL and does not consider that either of these documents are required to operate a STL in terms of the Council's Planning Policy, the applicant should explain in the application form, with reference to the Council's Planning Policy, why planning permission or certificate of lawfulness is not required.

9.2 For existing hosts (those who have operated a STL prior to 1 October 2022), while a STL licence application can be lodged prior to 1 October 2023 to enable existing hosts to continue operating the STL while the application is being determined by the Licensing Authority, applicants should note that the Licensing Authority may suspend consideration of a STL application for a period of three months where it considers that the use of the premises as a STL would constitute a breach of planning control for the purposes of section 123 (a) or (b) of the 1997 Act. Applicants should read the Council's Planning Policy prior to submitting a STL licence application.

9.2.1 Where an application is suspended by the Licensing Authority the applicant, in these circumstances will be notified of the suspension by the Licensing Authority and must, within that three month period submit an application for planning permission or apply for a certificate of lawfulness of use or development which would, if granted, remedy the considered breach and notify the Licensing Authority that either application (planning permission or certificate of lawfulness) has been made.

9.2.2 The Licensing Authority may refuse to consider the STL licence application under paragraph 2A of schedule 1 of the 1982 Act if no application referred to in 9.2.1 above is submitted to the planning authority within the three month timescale or the planning authority refuses the planning permission application or certificate of lawfulness of use or development and the applicant does not appeal against that decision or cannot appeal that refusal.

9.2.3 In order for the Licensing Authority to determine whether it considers that the use of the premises as a STL would constitute a breach of planning control for the purposes of section 123 (a) or (b) of the 1997 Act applicants will be asked the following questions in the application form:

- nature of services provided at the STL;
- how often the premises is used as a STL;
- the duration of STL stays;
- if the premises is a Flat, if it is accessed via a main door or a communal shared entrance; and
- if the premises is a House, if it will be occupied by more than one household at a time.

9.2.4 Where an applicant does not have planning permission or a certificate of lawfulness of use or development for the premises to operate as a STL and does not consider that either of these documents are required to operate a short term let in terms of the Council's Planning Policy, the applicant should explain in the application form, with reference to the Council's Planning Policy, why planning permission or a certificate of lawfulness is not required.

9.3 Short-term Let Control Areas

Under The Town and Country Planning (Short-term Let Control Areas) (Scotland) Regulations 2021 the Planning Authority can introduce Short-term Let Control Zones which would require any change of use for a premises to obtain planning permission. In addition, Short-term Let Control Areas would require all STL licence applications, for any of the four types of licences to have planning permission (where required) before applying for a licence. At present there are no Short-term Let Control Areas in place in Glasgow.

If any Short-term Let Control Areas are introduced in Glasgow in the future then applicants and licence holders should note that where planning permission may not be required at present for a STL licence (as detailed in section 9.1 above) this position could change. These licence holders should note that it is a mandatory condition of a STL licence, that if the premises falls within a Short-term Let Control Area the licence holder must ensure that an application for planning permission under the Town and Country Planning (Scotland) Act 1997 has been made or is in force. This means that if a Short-term Let Control Area is introduced during the period of your STL licence, where planning permission was not initially required as detailed in section 9.1 above, you would have to apply for planning permission. If you did not apply for planning permission or a certificate of lawfulness as applicable, or if you continued operating your STL once planning permission or a certificate had been refused you would be in breach of a licence condition and enforcement action may be taken.

The Committee recognises the current position in Glasgow regarding Short-term Let Control Areas could change and will ensure this Policy is reviewed to take account of any Short-term Control Areas that may be introduced in Glasgow in the future.

It should be noted that the introduction of any Short-term Let Control Area would fall under the Planning Authority to implement, not the Licensing Authority.

10 Temporary Exemptions for a STL Licence

Given one of the reasons behind STL legislation being introduced is to ensure basic safety standards are in place across *all* STL and the applicant is a fit and proper person to hold the licence, the Committee agrees on this basis, that no temporary exemptions will be granted. This means that where a person is using their premises as a STL, at any time throughout the year, a STL licence would be required.

The Licensing Authority is aware of the statutory requirement to keep its temporary exemption policy under review and to publish it every three years.

11 Temporary STL Licences

The Committee is aware that under the 1982 Act, temporary STL licences could be applied for however, it is further aware that with temporary licences there is a limited consultation process when compared to a full licence. With a temporary licence application there would be no requirement to display a site notice, no opportunity for objections or representations to be received other than from the statutory consultees. Given the potential proximity to residential properties and the potential impact that a premises operating as a STL may have on the neighbourhood amenity, the Committee is of the view that it is important that members of the public are given an opportunity to submit objections or representations to a STL application. In addition the only bodies the Licensing Authority would consult with under the legislation is Police Scotland and Scottish Fire and Rescue Service. Given a full consultation would not be undertaken, the Committee will not to accept any Temporary STL licence applications and instead require a full STL licence to be applied for as detailed at section 12. This would mean that all STL licence applications would be subject to the full consultation process as detailed in section 12.4

Given the above, only in exceptional circumstances such as where an applicant who has previously held a STL licence (being no more than 7 weeks since the expiry of that licence) but has failed to submit a timeous renewal application under the 1982 Act, would a temporary licence application be permitted.

12 Application Process

12.1 Making an Application

All applicants for the grant, variation and renewal of a STL licence*, irrespective of the type of STL licence being applied for (Secondary Letting, Home Letting, Home Sharing; or Home Letting and Home Sharing) must complete the STL licence application form available online at www.glasgow.gov.uk/stl together with the appropriate documentation and fee. Please see section 12.3 in relation to the appropriate documentation and section 19 in relation to the appropriate fee.

An application for a STL Licence, under the legislation, can be made by a person other than the owner of the premises. Where this is the case the applicant must ensure they provide the relevant consents from the owner(s) as detailed in section 12.3

Part of the application form will require the applicant to provide a declaration to the Licensing Authority that they can comply with the mandatory conditions attached to a STL licence, including all the documentation detailed within these conditions. Further information on the mandatory conditions can be found at section 14.1. Applicants should be mindful that the Licensing Authority and Civic Licensing Standards Officer can request any documentation referred to in the mandatory conditions at any time during the consideration of an application or the period of the licence, if granted. Applicants should also note that a breach of a condition is a criminal offence under the 1982 Act.

It should be noted that if an applicant has had a STL licence application refused by the Licensing Authority then the applicant cannot apply for a STL licence within one year of the date of the refusal unless there has been a material change of circumstances. An applicant who has been refused must contact the Licensing Section by email to licensingenquiries@glasgow.gov.uk if they wish to apply within the year of the date of refusal. The Licensing Authority determines if the change is material, not the applicant.

Applicants who operated a STL prior to 1 October 2022 will be given a provisional STL licence number if their STL licence application is submitted to the Licensing Authority, with all the required documentation as detailed in section 12.2 below, before 1 October 2023. This is to enable those operators to continue to operate a STL while their application is being considered. It should also be noted that this provisional STL licence number will cease when the application is determined. Further information on licence numbers can be found in section [12.7](#)

* Applications for provisional STL licence, confirmation of a provisional STL licence and separately a transfer of a STL licence, introduced by the 2024 Order are dealt with at sections 12.13, 12.14 and 12.15 below.

12.2 Renewal

Under the 1982 Act, if an application for a STL licence renewal application has been made to the Licensing Authority before the expiry date of the current licence, the licence will continue in effect until a final decision has been made by the Licensing Authority on the renewal application. If a renewal application is refused by Committee, the existing licence will remain in effect for a period of 28 days from the date of the decision, the appeal period, and where an appeal has been lodged, until such time as the appeal has been determined by the Court.

The process for applying for a renewal of a STL licence is the same as when applying for a new STL licence. Guidance for applicants is on the Council's webpage www.glasgow.gov.uk/stl

In relation to the documentation that should be submitted with a renewal application please see section [12.3](#) below.

12.3 Documentation Required with an Application

Applicants should be aware that an application will not be accepted and processed without the following documentation (where applicable):

(a) Floor/Layout Plan

All applicants for the grant of a STL licence will be required to submit a floor plan of the premises showing at least the following:

Rooms – living area/bedrooms/bedrooms available for guests;
Room sizes, including bedrooms and living rooms; and
Location of stairs

For renewal applications, where there has been no change to the layout of the premises a floor plan would not be required with the application.

For variation applications, where the variation relates to a change to the layout of the premises, a floor plan would be required with the application.

(b) Evidence of Operation as a STL before 1 October 2022

Where an applicant has been operating a STL before 1 October 2022, the applicant will be required to certify this when submitting a STL licence application. Checks to establish this may be made by the Licensing Authority.

(c) Consent from owner(s)

Where owner is not the applicant

As detailed in section [12.1](#), an application for a STL licence does not have to be made by the owner of the premises. However, where an applicant other than the owner of the premises applies to the Licensing Authority for a STL licence, the applicant must provide consent from the owner, or if the title to the premises is held by more than one owner, all owners or a person authorised to act on behalf of the owner(s).

Where one or more owners

Where the premises is owned by more than one person (shared ownership) all owners will have to declare that they consent to the application, if one owner is submitting the application. These declarations would be required with the application.

Please note that the Licensing Authority may require additional documentation to be submitted with an application. Where this is the case, the Licensing Authority will advise the applicant directly of this.

12.4 Notice of Application

Under the 1982 Act the applicant is required to display a notice at or near the premises for which the STL licence application relates, in a place where it can conveniently be read by the public for a period of 21 consecutive days from the date when the STL licence application was lodged with the Licensing Authority.

The notice will include the following information, as required by the 1982 Act:

- The type of licence applied for (Secondary Letting, Home Letting, Home Sharing or Home Letting and Home Sharing);
- Applicant's full name and address if an individual. If not an individual then the full name of the organisation together with the registered or principal office address, names of directors or persons responsible for the management of the premises;
- Person responsible for day to day activity (a mandatory condition is that this can only be the licence holder);
- Address of the premises relating to the STL Licence application;
- The number of bedrooms in the premises;
- Details of any other STL Licence that has been granted to the applicant;
- The name and address of the owner(s) where the applicant is not the owner of the premises or the land on which the premises is located;
- Confirmation that the owner consents to the application (this would be included in the application form); and
- Where objections and representations in relation to the application can be made to, the 28 day timescale for submitting an objection or representation and the statutory requirements of an objection or representation (in writing, providing name and address etc). [further information in relation to objections and representations can be found at section [12.5](#) below]

The Licensing Authority will also provide information regarding STL applications (processing/granted) on its website that shall be updated regularly.

In terms of the consultees, the Licensing Authority will send a copy of all applications received to the following consultees:

- Police Scotland (statutory consultee); and
- Scottish Fire and Rescue Service (statutory consultee).
- Elected Members for the area; and
- Community Council for the area;

Police Scotland and Scottish Fire and Rescue are statutory consultees to every application.

Any response received from a consultee will be considered by the Committee as detailed in 12.5 below.

12.5 Objections and Representations

The 1982 Act permits any member of the public to submit an objection or representation to the grant or renewal of a STL licence application (excluding temporary licences).

Objections and representations must be in writing (email is acceptable), specify the grounds for objection, the name and address of the person making the objection, be signed and be provided to the Local Authority no later than 28 days after the later of:

- a) The date the application was made to the Local Authority;
- b) The date of the public notice; or
- c) If the date detailed in any notice which has to be re-advertised on request of the Local Authority.

Objections and representations will be taken into account by the Committee when considering a STL licence application.

All objections or representations received by the Licensing Authority for a STL licence application will be sent to the applicant. The Privacy Statement detailing how your personal data is used can be found on the Council's webpage at www.glasgow.gov.uk/stl

Further information on making an objection or representation can be found on the Council's webpage www.glasgow.gov.uk/stl

12.6 Consideration of Late Objections

Although the Licensing Authority is under a duty to consider any objections or representations made within 28 days of the application as detailed in section 12.5 above, it does have discretion to hear late objections and representations *provided* it is satisfied with the reasons for lateness. Where a late objection or representation has been received it will be passed to the applicant to enable them to consider it in case the Committee determine to hear the late objection/representation.

12.7 Determination of an Application

Applications where no objections or representations have been received from any of the consultees or the public will be granted under delegated authority. Where applications have received a valid objection or representation from any of the consultees and/or public these will be taken into account by the Committee at a hearing to consider and determine the application. Applicants, objectors and representors will be given an equal opportunity to be heard at Committee and to state their case. Late objectors and representors will be invited to attend any hearing of the Committee to determine the application and their objection may be brought into proceedings if the Committee is satisfied with the reasons for lateness. The 1982 Act provides

grounds for refusal of a STL licence. Any decision to refuse a STL licence must be relevant to one or more of the following grounds of refusal as detailed in the 1982 Act and section 13 below.

In relation to the above paragraph, in the unlikely event that the Committee is unable to hold a hearing, applicants will be invited to provide written submissions of their views on the objection/representation to the Committee prior to the application being determined.

Where an application is granted the applicant/licence holder will be given a unique STL licence number. This is the number to be used in accordance with Mandatory Condition 14.

Applicants should note that where their STL licence application has been refused by the Licensing Authority they do have a right of appeal under the 1982 Act. An appeal should be made to the Sheriff Court within 28 days from the date of the refusal. Where an appeal has been lodged the STL licence will continue in effect until such time as the appeal has been determined. Applicants should note that the Licensing Authority is unable to give any legal advice in relation to appealing a decision and as such it is recommended that they seek independent legal advice on the matter.

The Licensing Authority will determine each application on its own merits.

Within section 12.6 and this section 12.7 “representation” means a positive representation where a valid objection has also been received to the application or separately an adverse representation.

12.8 Duration of Licences

Grants - Under the 1982 Act the Licensing Authority can grant a STL licence for a period of three years or such shorter period as the Committee determines.

Renewals - For the renewal of a STL licence application, the Licensing Authority can grant the STL licence for a period of three years; such shorter period as the Committee determines; or for such longer period as the Committee determines.

The Licensing Authority will grant a STL licence renewal application for a period of five years where no objections and/or representations to the application are received from the consultees and where there has been no enforcement action taken against the licence holder during the period of the grant application or last renewal.

In the event of the death of a STL licence holder, the STL licence will be deemed to have been granted to the executor and will remain in force for a period of 3 months from the date of the licence holder’s death, unless previously suspended or revoked. Where the Licensing Authority is satisfied that it is necessary for the purpose of winding up the estate, on request, in writing, by the executor, the Licensing Authority may extend the period further.

Provisional STL licence – a provisional STL licence is treated as revoked if it is not confirmed by the Licensing Authority within 3 years of the date on which it was issued by the Licensing Authority. On the application by the holder of a provisional STL licence for an extension of the three year period, before the expiry of the three year period in which the licence was issued by the Licensing Authority, the Licensing Authority which issued the licence may, where it is satisfied that the completion of the construction of the premises to which the licence relates has been delayed, and the delay has been caused by factors out with the provisional STL licence holder’s control, extend the 3 year period for such time as the Licensing Authority considers appropriate.

For the avoidance of doubt, a provisional STL licence cannot be renewed under the 1982 Act.

12.9 Variation

At any time, the holder of a STL licence can apply to the Licensing Authority to vary the terms of the licence. There is no requirement to advertise a variation however, the Licensing Authority will consult with the statutory consultees detailed at section 12.4 above.

12.10 Material Change in Circumstances

A licence holder must notify the Licensing Authority in writing as soon as possible where there is a material change in circumstances affecting the licence holder or the STL.

12.11 Suspension or Revocation of a STL Licence

The Licensing Authority can suspend a STL licence immediately if it is of the opinion that the carrying on of the activity to which the licence relates is causing or is likely to cause a serious threat to public order or public safety. This action would usually be taken by the Licensing Authority on receipt of a complaint made by Police Scotland or Scottish Fire and Rescue Service.

Before immediately suspending, the Licensing Authority will consult with Police Scotland and Scottish Fire and Rescue Service.

After an immediate suspension has taken place the licence holder will be given an opportunity to attend a hearing before Committee in relation to the matter which triggered the suspension. The Committee after hearing from the licence holder and a representative of Police Scotland/Scottish Fire and Rescue Service, would determine whether to suspend for a further period, revoke the licence or take no further action. This hearing would be within 6 weeks of the immediate suspension.

The grounds for further suspending or revoking a STL licence are detailed under Paragraph 11 of Schedule 1 of the 1982 Act. These are:

The Licensing Authority may order the suspension or revocation of a licence if in their opinion—

- (a) the holder of the licence or, where the holder is not a natural person, any director of it or partner in it or any other person responsible for its management, is not or is no longer a fit and proper person to hold the licence;
- (b) the activity to which the licence relates is being managed by or carried on for the benefit of a person, other than the licence holder, who would have been refused the grant or renewal of the licence under paragraph 5(3);
- (c) the carrying on of the activity to which the licence relates has caused, is causing or is likely to cause undue public nuisance or a threat to public order or public safety;
- (d) a condition of the licence has been contravened.

12.12 Timescale for Determining Applications

Under the 1982 Act, the Licensing Authority will have 9 months to determine the STL licence application from the date it is received with all the required documentation and correct application fee.

It should however be noted that for applications received prior to 1 October 2023 where the STL was in existence before 1 October 2022, the Licensing Authority will have 12 months to determine the application.

12.13 Provisional STL Licence

The 2024 Order introduced a provisional STL licence. A provisional STL licence application (Secondary letting, Home sharing, Home letting, and Home sharing and home letting) may be made, in relation to any premises despite the fact that, at the time the application is made, the premises are yet to be, or are in the course of being, constructed for use as a STL.

All applicants for a provisional STL licence must complete the provisional STL licence application form available online at www.glasgow.gov.uk/stl together with the appropriate documentation and fee.

A provisional STL licence application must be accompanied by a provisional planning certificate in respect of the premises. A provisional planning certificate is a certificate signed on behalf of the appropriate authority and stating:

- (a) that planning permission, planning permission in principle or outline planning permission under the Town and Country Planning (Scotland) Act 1997 has been obtained in respect of the construction of the premises, or
- (b) that no such planning permission is required.

In addition to the above, sections [12.3\(a\)](#) and [\(c\)](#), [12.4](#), [12.5](#), [12.6](#) and [12.7](#) (with the exception that no mandatory conditions (detailed in [Appendix 1](#)) or the style additional conditions (detailed in [Appendix 2](#)) will be attached to a provisional STL licence), [12.8](#), [12.9](#), [12.10](#), [12.11](#) and [12.12](#) will apply to a provisional STL licence application. A style additional condition that may be attached to a provisional STL licence may be *“the licence holder will not host/permit guests to stay within the premises.”*

It should be noted that section 9 of this Policy does not apply to provisional STL licence applications.

12.14 Confirmation of a Provisional STL Licence

The 2024 Order introduced a confirmation of provisional STL licence application.

All applicants who wish to apply for confirmation of a provisional STL licence must complete the STL licence application form available online at www.glasgow.gov.uk/stl together with the appropriate documentation and fee.

The holder of a provisional STL licence may apply to the Licensing Authority which issued the provisional STL licence for confirmation of the licence. Under the 2024 Order, a confirmation application must be accompanied by:

- (a) the provisional STL licence;
- (b) if the provisional planning certificate which accompanied the provisional STL licence application in respect of the premises consisted of outline planning permission or planning permission in principle, a planning certificate;
- (c) a building standards certificate; and
- (d) such other information as the Licensing Authority may reasonably require.

Where a Licensing Authority receives a confirmation of a provisional STL licence application, it must, if it is satisfied that, following construction of the premises, the applicant would be able to secure compliance with the mandatory conditions and style additional conditions, confirm the licence.

For the purposes of a confirmation of provisional STL licence application, a “planning certificate” is a certificate signed on behalf of the appropriate authority stating:

- (a) that planning permission under the Town and Country Planning (Scotland) Act 1997 in respect of any development of the subject premises in connection with their proposed use as a short term let has been obtained, or
- (b) that no such planning permission is required.

A “building standards certificate” is a certificate signed on behalf of the appropriate authority and stating:

- (a) that a completion certificate has been accepted under section 18 of the Building (Scotland) Act 2003 in respect of any construction of the subject premises in connection with their proposed use as a short term let,
- (b) that permission for the temporary occupation or use of the premises has been granted under section 21(3) of the Building (Scotland) Act 2003, or
- (c) that no such completion certificate or permission is required.

Section 12.3 (a) of this Policy would apply for a confirmation of a provisional STL licence application. Only SFRS and Police Scotland will be consulted on the application. There is no requirement for the applicant to display a site notice under section 12.4 of this Policy. There is no opportunity for members of the public to lodge objection/representations to the confirmation application. Section 12.7 of this Policy will apply only in relation to responses received to the confirmation application from Police Scotland and/or SFRS.

A confirmation application will result in a STL licence being granted for the premises to which the provisional STL licence related. Upon confirmation being granted by the Licensing Authority, a STL licence will be in place for a period of up to three years. The STL licence holder will then follow the renewal process as detailed within section 12.2 of this Policy.

12.15 Transfer of a STL Licence

The 2024 Order introduced the ability for a STL licence holder (including a provisional STL licence holder) to apply to the Licensing Authority to transfer the STL licence.

All applicants who wish to apply for the transfer of a STL licence must complete the STL licence transfer application form available online at www.glasgow.gov.uk/stl together with the appropriate documentation and fee.

A transfer application must be accompanied by:

- (a) the STL licence to which the application relates or, if that is not possible, a statement of reasons for failure to produce the licence;
- (b) where the applicant is not the owner of the premises or the land on which the premises is located:
 - (i) the name and address of the owner (or, as the case may be, each owner), and
 - (ii) a declaration from the owner (or, as the case may be, each owner), or a person authorised to act on their behalf, that they consent to the application.
- (c) where the applicant shares ownership of the premises or the land on which the premises are located:
 - (i) the name and address of each owner, and
 - (ii) a declaration from each owner, or a person authorised to act on their behalf, that they consent to the application.
- (d) where the STL licence is held in joint names:
 - (i) the name and address of each licence holder, and

- (ii) a declaration from each licence holder, or a person authorised to act on their behalf, that they consent to the application.
- (e) such other information as the Licensing Authority may reasonably require.

The Licensing Authority will only consult with Police Scotland on a transfer application. If no Police Scotland objection or representation is received, the Licensing Authority must grant the transfer application. Where an objection or representation is received to a transfer application, from Police Scotland, the process for determining the application, as detailed within section 12.7, will be followed. There is no requirement for a site notice to be displayed in relation to a transfer application and no opportunity for objections/representations to be received from members of the public.

In terms of the grounds for refusing a STL licence transfer application, section 13 below applies (with the exception of the ground of refusal detailed at (c)), with reference to “applicant” below at (a) and (b) being the “transferee”)

On a transfer application being granted, there will be no change to the STL licence expiry date.

13. Grounds for Refusing a STL Licence

13.1 Grounds for Refusal

The grounds for refusing a STL licence, under Paragraph 5(3) of Schedule 1 of the 1982 Act are:

A licensing authority shall refuse an application to grant or renew a licence if, in their opinion—

- (a) the applicant or, where the applicant is not a natural person, any director of it or partner in it or any other person responsible for its management, is either—
 - (i) for the time being disqualified under section 7(6) of this Act, or
 - (ii) not a fit and proper person to be the holder of the licence;
 - (b) the activity to which it relates would be managed by or carried on for the benefit of a person, other than the applicant, who would be refused the grant or renewal of such a licence if he made the application himself;
 - (c) where the licence applied for relates to an activity consisting of or including the use of premises or a vehicle or vessel, those premises are not or, as the case may be, that vehicle or vessel is not suitable or convenient for the conduct of the activity having regard to—
 - (i) the location, character or condition of the premises or the character or condition of the vehicle or vessel;
 - (ii) the nature and extent of the proposed activity;
 - (iii) the kind of persons likely to be in the premises, vehicle or vessel;
 - (iv) the possibility of undue public nuisance; or
 - (v) public order or public safety; or
 - (ca) the applicant would not be able to secure compliance with-
 - (i) the mandatory licence conditions, and
 - (ii) the standard conditions and any further conditions under sub-paragraph (1A)(b) to which the licence is to be subject,
 - (cb) the application does not contain the information required under 1(2)(da) or (db) (the consent of the owners of the premises); or
 - (d) there is other good reason for refusing the application;
- and otherwise shall grant the application.

14. Conditions attached to a STL Licence

14.1 Mandatory Conditions

Under the 2022 Order there are certain conditions which the Licensing Authority must attach to a STL licence, irrespective of the type of STL licence granted, whether it is Secondary Letting, Home Letting, Home Sharing or Home Letting and Home Sharing. These are known as “*mandatory conditions*” and are detailed at [Appendix 1](#).

It should be noted that the Licensing Authority has no power to amend these mandatory conditions. It should also be noted that no mandatory conditions will be attached to a provisional STL licence.

All applicants should ensure, prior to applying to the Licensing Authority for a STL licence of any type (excluding a provisional STL licence), that they are able to comply with the mandatory conditions attached to a licence. Applicants should also note that in terms of listing their premises as a licensed STL (excluding a provisional STL licence), as required under mandatory condition 14, the listing must include the licence number (provided by the Licensing Authority) and the valid energy performance certificate rating (if this is required for the premises in accordance with the [2008 Regulations](#)).

14.2 Additional Conditions

To cater for more localised matters, the Licensing Authority is also able to attach additional conditions to STL licences where necessary. Some style additional conditions are detailed in [Appendix 2](#).

It should be noted that the Licensing Authority cannot impose an additional condition which limits the number of nights a premises may be used for Secondary Letting.

14.3 Maximum Capacity

One of the mandatory conditions that is attached to all STL licences (excluding provisional STL licence) is that the licence holder must ensure that the number of guests residing on the premises does not exceed the number specified in the licence.

All grant applications will ask the applicant to confirm the number of guests they would like to accommodate in the premises. The Licensing Authority do however have to provide a maximum number of guests who can stay on the premises at any one time on the STL licence (excluding a provisional STL licence) when it is issued. This is known as the “*maximum capacity*”. The Licensing Authority, taking into account the information provided on the application form and layout plan, will calculate the maximum capacity in the following way:

The maximum number of persons in relation to a premises is whichever is the lesser of (a) or (b):

- (a) The number specified in Table 1 below in relation to the number of rooms in the house available as sleeping accommodation for guests,
- (b) The aggregate for all such rooms in the premises of the numbers specified in column 2 of Table 2 in relation to each room of the floor area specified in column 1.

It should be noted that no account shall be taken for the purposes of either Table of a room having a floor area of less than 50 square feet.

It should be noted that a room is available as sleeping accommodation if it is of a type normally used in the premises as a living room or as a bedroom. The Licensing Authority will not include children under 2 years of age when calculating the maximum capacity.

Table 1

| Number of rooms (this should include living room and bedrooms) | Number of persons |
|---|--------------------------|
| 1 | 2 |
| 2 | 3 |
| 3 | 5 |
| 4 | 7 |
| 5+ | 2 for each room |

Table 2

| Column 1 - Floor area of each room | Column 2 - Number of persons |
|---|---|
| 90 sq. ft. (8.36 sq. m.) or more | 2 |
| 50 sq. ft. (4.65 sq. m.) or more but less than 90 sq. ft (8.36 sq. m.). | 1 |

14.4 Breach of a STL Licence Condition

The 1982 Act provides the Licensing Authority with the power to serve an Enforcement Notice on a STL licence holder, where the Licensing Authority considers that a condition of the STL licence has been breached. The Enforcement Notice will detail the following:

- (a) the matters constituting the breach or likely breach;
- (b) the action to be taken by the licence holder; and
- (c) the date by which the action must be taken.

It should be noted that a breach of a condition is a criminal offence under the 1982 Act however an Enforcement Notice can still be served on the licence holder even if criminal proceedings have begun or are taking place.

As detailed in section 16 below, the Licensing Authority will only take enforcement action where it is deemed necessary and appropriate.

15. Unlicensed STL

It is a criminal offence under the 1982 Act to operate a STL without a STL licence. The Licensing Authority has no power to take any action against unlicensed STL.

16. Monitoring and Compliance of Licensed STL

Taking into account section 14.4 above, the Licensing Authority recognises the importance of having compliance issues monitored in order to ensure licensed STL are not causing an unnecessary nuisance to the community, nearby residents or neighbours. As such it will carry out a risk-based approach to enforcement, with the Civic Licensing Standards Officer using a range of escalating informal measures, prior to an Enforcement Notice being issued and subsequently a complaint being made to the Committee in relation to the STL licence.

A licence holder must be able to provide any documentation referred to in the mandatory conditions, to the Licensing Authority or Civic Licensing Standards Officer upon request. Failure to do so may result in an Enforcement Notice being issued or the STL licence being suspended or revoked. The Civic Licensing Standards Officer will conduct inspections of STLs where issues have been identified either in the application or as a result of complaints.

17. Complaints

It is essential that licensed STL are operated in accordance with the 1982 Act and the licence conditions. The complaints procedure under the 1982 Act represent a key protection for the community where problems relating to the operation of a STL cannot be resolved amicably by the licence holder and the complainer.

From Guests:

In the first instance, the Licensing Authority would expect any concerns from guests to be raised with the host or operator and where this cannot be resolved they should contact the Licensing Authority.

From Neighbours:

In the first instance, the Licensing Authority would expect concerns from neighbours to be raised with the licence holder and where this cannot be resolved they should contact the Licensing Authority.

Information on how to make a complaint can be found on the Council's webpage at www.glasgow.gov.uk/stl

18. Public Register

It is a statutory requirement that the Licensing Authority maintains a public register of STL licences. The public register will be available on the Council's webpage www.glasgow.gov.uk/stl

19. Fees

The fee for a STL licence depends of the type of STL licence being applied for and also the maximum number of guests being applied for. (*For a provisional STL licence application this will be the proposed maximum number of guests which the applicant considers the premises should be able to accommodate*).

The fees are detailed below:

Grant (including a provisional STL licence)

| | Maximum Occupancy applied for (4 or under) | Maximum Occupancy applied for (5 or more) |
|---|---|--|
| Secondary Letting | £289 Temporary (£144) | £462 Temporary (£231) |
| Home Letting or Home Sharing (or both) | £145 Temporary (£72)* | £318 Temporary (£159)* |

**not applicable for provisional STL licences*

Renewal

| | Maximum Occupancy applied for (4 or under) | Maximum Occupancy applied for (5 or more) |
|---|---|---|
| Secondary Letting | £231 | £404 |
| Home Letting or Home Sharing (or both) | £87 | £260 |

Variation

A variation application will be £84 for all types of STL licences

Transfer

A transfer application will be £84 for all types of STL licences.

Confirmation of a Provisional Premises Licence

A confirmation of a provisional STL licence application will be £150 for all types of STL licences.

20. Equality

The 2010 Act introduced a new public sector equality duty which requires public authorities, including the Committee, to try and eliminate discrimination; promote equality and good relations across a range of protected characteristics.

An equality impact assessment has been undertaken and can be viewed <https://www.glasgow.gov.uk/CHttpHandler.ashx?id=58351&p=0>

Appendix 1 – Mandatory Conditions

Agents

1. Only those named as a holder of the licence can carry out the day to day management of the short-term let of the premises.

Type of licence

2. The holder of the licence may only offer the type of short-term let for which the licence has been granted.

Fire safety

3. The holder of the licence must ensure the premises has satisfactory equipment installed for detecting, and for giving warning of— (a) fire or suspected fire, and (b) the presence of carbon monoxide in a concentration that is hazardous to health.
4. The holder of the licence must keep records showing that all upholstered furnishings and mattresses within the parts of the premises which are for guest use, or to which the guests are otherwise permitted to have access, comply with the Furniture and Furnishings (Fire Safety) Regulations 1988.

Gas safety

5. Where the premises has a gas supply—
 - (a) the holder of the licence must arrange for an annual gas safety inspection of all gas pipes, flues and appliances in the premises,
 - (b) if, after an annual inspection, any appliance does not meet the required safety standard, the holder of the licence must not allow a short-term let of the premises until the works necessary to bring the appliance to the required safety standard have been carried out.

Electrical Safety

6.
