Dear Sirs

Westthorn Recreation Ground, London Road, Glasgow
Factual Report on Ground Investigation

As instructed in your letter dated 2 March 2000 (Ref [REDACTED]), we have carried out a ground investigation for the site located at Westthorn Recreation Ground, London Road, Glasgow (OS Grid Reference NS 625 633)

The investigation comprised twenty eight trial pits, six cable tool percussion boreholes, eleven window sampling probe boreholes and seven hand operated percussion probe boreholes and was carried out under your direction and supervision. Exploratory hole records based on our field observations and tactile examination of the samples obtained are attached. The locations of the boreholes and trial pits as laid out by yourselves are shown on the Exploratory Hole Location Plan, also attached.

With regard to laboratory testing of samples obtained, we confirm that testing in accordance with your proposed testing schedule was undertaken. The results of this testing are included within this report.

We trust that this Factual Report meets your requirements. Should you require any further assistance, however, please do not hesitate to contact us. In the meantime, we will continue to hold the remaining samples for a period of two months unless we receive other instructions from yourselves.

Yours faithfully
for NICHOLSON SITE INVESTIGATION
