

EQUALITY IMPACT ASSESSMENT (EQIA): SCREENING FORM

Introduction to the EQIA screening process

A successful EQIA screening will look at 5 key areas:

- 1. Identify the Policy, Project, Service Reform or Budget Option to be assessed**
A clear definition of what is being screened and its aims
- 2. Gathering Evidence & Stakeholder Engagement**
Collect data to evidence the type of barriers people face to accessing services (research, consultations, complaints and/or consult with equality groups)
- 3. Assessment & Differential Impacts**
Reaching an informed decision on whether or not there is a differential impact on equality groups, and at what level
- 4. Outcomes, Action & Public Reporting**
Develop an action plan to make changes where a negative impact has been assessed. Ensure that both the assessment outcomes and the actions taken to address negative impacts are publically reported
- 5. Monitoring, Evaluation & Review**
Stating how you will monitor and evaluate the **Policy, Project, Service Reform or Budget Option** to ensure that you are continuing to achieve the expected outcomes for all groups.

1. IDENTIFY THE POLICY, PROJECT, SERVICE REFORM OR BUDGET OPTION:

a) Name of the Policy, Project, Service Reform or Budget Option to be screened

The Glasgow City Council Dalmarnock (West) (Traffic Regulation) Order 20__

b) Reason for Change in Policy or Policy Development

To prevent obstructive parking which in turn will improve pedestrian safety and road safety.

c) List main outcome focus and supporting activities of the Policy, Project, Service Reform or Budget Option

The main outcome is to improve road safety and pedestrian safety by prohibiting unsafe and obstructive parking practices.

d) Name of officer completing assessment (signed and date)

October 2019

e) Assessment Verified by (signed and date)

October 2019

2. GATHERING EVIDENCE & STAKEHOLDER ENGAGEMENT

The best approach to find out if a policy, etc is likely to impact positively or negatively on equality groups is to look at existing research, previous consultation recommendations, studies or consult with representatives of those groups. You should list below any data, consultations (previous relevant or future planned), or any relevant research or analysis that supports the Policy, Project, Service Reform or Budget Option being undertaken.

Please name any research, data, consultation or studies referred to for this assessment:	Please state if this reference refers to one or more of the protected characteristics: <ul style="list-style-type: none"> ➤ age ➤ disability, ➤ race and/or ethnicity, ➤ religion or belief (including lack of belief), ➤ gender, ➤ gender reassignment, ➤ sexual orientation ➤ marriage and civil partnership, ➤ pregnancy and maternity, 	Do you intend to set up your own consultation? If so, please list the main issues that you wish to address if the consultation is planned; or if consultation has been completed, please note the outcome(s) of consultation.
Previous consultations and publications of proposals for other parking control schemes.	There is a universal right of objection to any proposed Traffic Regulation Order.	N/A
A consultation will be carried out with relevant transport organisations and emergency services.	This is for professional road users only.	N/A

3. ASSESSMENT & DIFFERENTIAL IMPACTS

Use the table below to provide some narrative where you think the **Policy, Project, Service Reform or Budget Option** has either a positive impact (contributes to promoting equality or improving relations within an equality group) or a negative impact (could disadvantage them) and note the reason for the change in policy or the reason for policy development, based on the evidence you have collated.

Protected Characteristic	Specific Characteristics	Positive Impact (it could benefit an equality group)	Negative Impact – (it could disadvantage an equality group)	Socio Economic / Human Rights Impacts
SEX/ GENDER	Women	<p>The removal of indiscriminate and obstructive parking will make the area safer and more accessible.</p> <p>Removes potential driving conflicts and provides greater visibility at junctions for both drivers and pedestrians.</p> <p>Ensures the free movement of emergency service and cleansing vehicles.</p> <p>Improved road safety for pedestrians, cyclists and all other vehicle users. In turn, it is anticipated that this will encourage more people</p>	<p>Commuters who choose to park their private car within this area may have to walk a greater distance to their workplace. However, this may encourage commuter's to investigate other travel options, such as public transport, active travel or a combination of both.</p>	<p>Improve the safety and the actual and perceived security of travelling within the City by reducing accidents and enhancing the personal security of all users of the transport network.</p> <p>The area is currently being re-developed which will include housing. Therefore, these parking restrictions will enhance the current aesthetics of the area by removing unsafe and obstructive parking. This should assist with encouraging further investment in the area.</p>

Summary of Protected Characteristics Most Impacted

The Disability (Physical) group would see a specific positive impact as the proposals would remove indiscriminate and obstructive parking and will make the area safer and more accessible.

Summary of Socio Economic Impacts

The area is currently being re-developed which will include housing. Therefore, these parking restrictions will enhance the current aesthetics of the area by removing unsafe and obstructive parking. This should assist with encouraging further investment in the area.

Summary of Human Rights Impacts

Improve the safety and the actual and perceived security of travelling within the City by reducing accidents and enhancing the personal security by increasing visibility of all users of the transport network.

5. MONITORING OUTCOMES, EVALUATION & REVIEW

The Equalities Impact Assessment (EQIA) screening is not an end in itself but the start of a continuous monitoring and review process. The relevant Strategic, Policy, or Operational Group responsible for the delivery of the Policy, Project, Service Reform or Budget Option, is also responsible for monitoring and reviewing the EQIA Screening and any actions that may have been taken to mitigate impacts.

Individual services are responsible for conducting the impact assessment for their area, staff from **Corporate Strategic Policy and Planning** will be available to provide support and guidance.

Legislation

Equality Act (2010) - the Equality Act 2010 (Specific Duties) Scotland Regulations 2012

The 2010 Act consolidated previous equalities legislation to protect people from discrimination on grounds of:

- race
- sex
- being a transsexual person (transsexuality is where someone has changed, is changing or has proposed changing their sex – called 'gender reassignment' in law)
- sexual orientation (whether being lesbian, gay, bisexual or heterosexual)
- disability (or because of something connected with their disability)
- religion or belief
- having just had a baby or being pregnant
- being married or in a civil partnership, and
- age.

Further information: [Equality Act Guidance](#)

As noted the Equality Act 2010 simplifies the current laws and puts them all together in one piece of legislation. In addition the **Specific Duties (Scotland Regulations 2012)** require local authorities to do the following to enable better performance of the general equality duty:

- report progress on mainstreaming the general equality duty
- publish equality outcomes and report progress in meeting those
- impact assess new or revised policies and practices as well as making arrangements to review existing policies and practices gather, use and publish employee information
- publish gender pay gap information and an equal pay statement
- consider adding equality award criteria and contract conditions in public procurement exercises.
